COMES NOW, the Idaho Water Resource Board, ("IWRB"), by and through its counsel of record, and files this Motion to Vacate the October 29, 2012 status conference.

At the May 22, 2012 status conference, the participants, (formal parties to the litigation and others in attendance), agreed to a series of informal meetings to review the above-referenced water right applications considering recent policy and technical developments and to discuss specific concerns and questions about the applications. Meetings were held on July 11 and October 16, 2012.

At the October 16, 2012 meeting, the IWRB staff notified participants that IWRB intended to submit amended applications and/or advise the Director of IWRB's intention to move forward with the existing applications by January 15, 2013. The participants agreed that the October 29, 2012 status conference should be vacated and re-set for a date following January

15, 2013, to allow adequate time for review of the IWRB filings. Participants attending the October 16, 2012 meeting included:

Following the meeting, counsel for the IWRB contacted the Department by email to determine the Director's availability for a status conference during the first week of February, 2013. On October 17, 2012, counsel requested confirmation from the participants of their

availability during that time period. If the participants are not available, the IWRB intends to coordinate scheduling a status conference as soon as possible after January 15, 2013, with the Department and participants. Copies of correspondence in support of this Motion are attached.

Accordingly, the IWRB requests that the October 29, 2012 status conference be vacated and that the status conference be rescheduled for early February at a time mutually agreed upon by the Department and the participants.

RESPECTFULLY SUBMITTED this 23rd day of October 2012.
