Hello,

The Department has compiled the information recently requested for the above referenced cases. To expedite the parties access to the information, the Department's FTP site will be used to disseminate the information. The instructions below should aid you in locating this information in a folder entitled, "SEAPAC JONES." Additional records can be located on the Department's website at http://www.idwr.idaho.gov/apps/ExtSearch/SearchWRAJ.asp by searching under the Jones and SeaPac water right numbers. IDWR has confirmed that the file records match the online records.

Directions for the FTP site:

Using Internet Explorer 7.0 or 8.0:

1. Go to ftp://ftp1.idaho.gov
2. Login using the account name idwrgen and the password Rg7d952O (capital O, not the number 0)
3. Click "View" then click "Open FTP Site in Windows Explorer" This will open a new window.
4. Log in again using the same user name and Password
5. The user should click "Outgoing" to get files from IDWR. The user will be able to see and download the files here.

Please note that files on the FTP server are deleted after a period of time depending on

drive space available. Should you have any questions or require further assistance, please do not hesitate to contact me.

Thank you!
