RE: Worker's Compensation for Water Master

Dear Mildred:

After a phone conversation with Mrs. Cathy McDonell of the Idaho State Insurance Fund, it is apparent that the Twin Lakes Water District, 95-C, must obtain Worker's Compensation for the Water Master.

The Water Master position is considered a Public Employee and the District is responsible for providing this insurance.

We advise Twin Lakes Water District, 95-C to contact Mrs. McDonell at once to receive an application to insure the Water Master under Worker's Compensation. She can be reached at a toll free number 1-800-334-2370, in Boise.

If you have any questions, please feel free to contact me at this office.

Sincerely,

Allen Beardslee
Sr. Water Resource Agent
