Re: Porter Creek Water District No. 65-B

Dear Barbara:

Enclosed are copies of water district documents for 2004. The information should allow the watermaster to be paid the minimum \$200.00 salary for last year. The documents include the following:

1. Minutes of the annual meeting from March 2004. Erroneously listed minimum salary as \$300 instead of \$200. Also served as adopted budget since assessments were not needed.
2. Watermaster's Report for 2004. Documented minimum salary of \$200.00 to be paid.

I am working with the district to help assure that adequate documents are provided to you every year. These will include the minutes and adopted budget from each annual meeting and the watermaster report. The minutes/budget should be available to you sometime each April. The watermaster report should be available to you by the end of each calendar year.

Unless the district levies an assessment to raise more money in a given year, the adopted budget will most likely be stated in the minutes of the annual meeting. Unless water is actually delivered by the watermaster, the watermaster report will most likely be in an abbreviated format as enclosed.

Please send \$200.00 to the watermaster for 2004 services. I will be glad to provide more information if you need it. Thank you for your help in this matter.

Sincerely,
