Dear Mr. Carlson,

We again are following up on our Formal Complaints dated 10-22-2003 and our neighbors Mr. Hatch dated 11-26-03 in reference to the above water rights which are being taken illegally through King Creeks Pipe. We did a follow up in June of 2004 which we had certified with returns receipts and as to date have not heard anything other than they were allowed to use the water due to the drought situation.

We would appreciate hearing from you.

Sincerely

  
Mike Chambers
