Dear Mr. Larsen;

We have received your watermaster's report for 1994. I find several discrepancies on the report, however. Several users (Funk Bros. and the Depews) show an adopted budget but no cost. Based on your other entries, each user should show at least a \$5. cost even if no water was delivered. In those cases where no payment was received, you would want to note this on the report; in such cases, the debit would be the same as the total cost. In the case of David Breen, you show no water delivered but a total cost of more than double the adopted budget - why? It appears that he should have a debit of \$5.90, but no debit is shown.

Your report is returned for correction. Please make the necessary corrections before returning the report to this office for approval. If you have any questions, please feel free to contact me.

Sincerely,

James E. Stanton  
Sr. Water Resource Agent
