RE: WATER RIGHT # 34-00503A

Dear Members of the Board:

Due to the inability of B.L.R.I.D. to address the problem I face with my water right, I am at this point of time notifying all concerned that as my land was removed from the B.L.R.I.D. irrigation district according to B.L.R.I.D. instructions, which were not according to the proper rules and laws at the time, it is my contention that the transaction should be declared null and void.

It is also my contention that my 40 acres has been almost totally destroyed by what I contend is the Illegal application of Water Laws by B.L.R.I.D. and I.D.W.R.
