Concerning water delivered in Water District 41 in @001

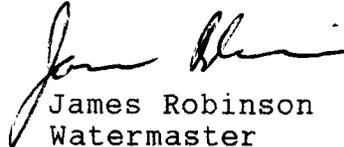

Water held out better this year than we expected. Most of the ditches were at their decreed amounts, and until the end of June the Bench Ditch had part of it's high water.

In July I had to take some of the water from the Brown-Parker Ditch to keep the Ivan Charles pump running. Then in the end of Aug. I had to take about 40 inches out of the youngest rights. These were Leonard May, and Melvin Nelson (J. Lewis).

By the middle of September, all water was back on.

The water in the woods ditch was never officially turn on, but there was enough to take care of the 5 one inch rights on that ditch so they were put in the records as being delivered, even though the Ralphs right was not delivered.

During May and October water was plentiful, so those that wanted could have as much as they wanted. I pulled the locks off the ditches the week of September 20th.
