RE: Water District 37-U, Fish Creek

Dear Mr. Peck;

We are returning your 1995 adopted budget for correction. The purpose of this form is to show how much each person's share of the expected water costs is for this year. When totaled, the various amounts should add up to the adopted-budget total. Any debits or credits from last year should NOT be included in the costs shown for each user, as this is NOT a water bill. Billing of the various users is an internal matter within the District.

The standard irrigation season in your area lasts 184 days. Dividing the watermaster salary of \$14925. by 184 gives a daily wage of \$81.11 - is this the correct amount? The minutes of your water meeting show an approved budget of \$15152.50, but your Adopted Budget form shows \$16366.76. Again, the expected costs are not affected by any debits or credits that might be left from last year. A blank Adopted Budget form is enclosed for your use; feel free to make copies as needed.

We still have not received your 1995 proposed budget.

Since you have again been elected treasurer, an oath of office is enclosed. Upon receipt of the notarized oath, a certificate of appointment will be issued.

If you have any questions, please feel free to contact me.

Sincerely,

James E. Stanton
Sr. Water Resource Agent

Dear Mr. Stanton:

I am returning our adopted budget for the Water Dist. 37-U as originally submitted with an explanation. You stated that the standard irrigation season for our area is 184 days. Last year the water master was called on on the 15th. of April and our season lasts until October 31st. which is 199 days. This doesn't always happen, but it may and we feel we need to be prepared. The salary for the water master was set at \$75.00 per day. This will make a salary paid of \$14,925.00 The District's share of soc. sec. tax will be \$1141.76. The secretary and treasurer is paid \$300.00 making a total of \$16,366.76. We had a carry over of \$2214.15 from last year. We felt that \$1000.00 would be a reason cushion, so we subtracted \$1214.15 from the projected 1995 expenses of \$16,366.76. This left a budget to be assessed of \$15,152.61.

I don't know why the water master 1995 proposed budget hasn't been submitted. I will check with Lawrence Kimbill about this.

Sincerely,

Ronald F. Peck
Sec. & Treas. Water District 37-U
395 Austin Rd.
Carey, Idaho
