SUBJECT: Nomination for Committee

REFERENCE: Meeting in Burley of 29 November 2005

At the above referenced meeting persons attending were asked to volunteer to participate in a committee to be formed for the purpose of organizing "Proposed Water District Basin 45 – Oakley Valley Area". Because it is important that those holding groundwater rights in the Goose Creek Basin, an area of pressurized geothermal leakage, have a voice in the organization and management of the proposed water management area, the following nominations are made, per your advice at the above referenced meeting. An alternate is also nominated so that meeting schedules will not be a problem.

NOMINATED: Richard R. Austin, Manager, Double Diamond Ranch
P.O. Box 132, Oakley, Idaho 83346

Phone: 208 – 436 - 1562
