Dear Mr. Dreher:

Aqua Life Corporation by it's representative, Ken Ellis, asks that the call on water on Big Springs be suspended temporarily, as it pertains to the Billingsley Creek Ranch. Water Administration has given Billingsley Creek Ranch until January 13, 1997 to remove fish from their ponds, (a two week extension agreed to by Aqua Life Corporation) After a meeting between Don McFadden and Aqua Life Corporation and because of (Special Circumstances) Aqua Life Corporation has agreed to allow the Billingsley Creek Ranch to use the amount of water it is currently using until the Spring Irrigation Season begins and their Irrigation water from Big Springs can be used. Both parties agree that this temporary agreement does not affect the validity of Aqua Life Corporation's call of water taken from Big Springs, a copy which is enclosed.

Thank you
