President Dean Dryden called the annual meeting of Water District 78-C to order on April 5th at 2:00p.m. Those in attendance were Darrell and Donna Campbell, Alice Branstetter, Steve Campbell, Dick Clay, Tim Farrell, Dean Dryden, and Tana Kerby. Dean passed out water table info for the State of Idaho. It was reported that the snow pack was below normal but the reservoirs should fill.

Election of officers: Donna nominated we keep the same officers as last year which were President Dean Dryden, Secretary Treasurer Tana Kerby, Water Master Tim Farrell and advisory board members are Dean Dryden, Darrell Campbell, Dick Clay and Tim Farrell. Alice seconded motion – motion passed. Minutes were not read because Tana can't find them but she did manage to give the treasurer's report.

There was discussion on assessment amount. Steve motioned to charge and assessment of 1.25 per 24 hour second. Darrell seconded, motion passed. Tana brought up the unpaid assessments. Tim suggested that we contact the Dept. of Water Resources again about what we can or cannot do. Timber Ridge seems to be our biggest problem. Tim said we could contact the county and fire Marshall since they are required to have a pond filled for fire suppression.

Dean read some mumble jumble about what to do during water shortage. Senior rights first.

Carol Campbell's water right discussion. She had a neighbor put a pump in the ditch last year and was wondering what she could do. After discussion it was decided that she should contact a member or the advisory board and they along with other members and the water master would then go and take pictures of the infraction and forward them to the Dept. of Water Resources.

Next years meeting will be the first Monday in April at 2:00p.m. at the Meadows Valley Library.

Steve motioned for the meeting to close, Alice seconded motion passed

Tim Farrell is the
watermaster and
should be sending
you that report.

Thanks
Tana
