REF: Idaho Water Resource Board Ground Water Recharge Application

Dear Mr. Saxton:

In response to your letter of February 25, 2013, this confirms that the Idaho Water Users Association (IWUA) would like to retain its status as an intervenor in the matter of Application No. 01-10609 (renumbered from Application No. 01-7134). Please note that IWUA is an intervenor, not a protestant.

Thank you for your attention to this matter.

Sincerely,

Norman M. Semanko  
Executive Director & General Counsel
