

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES
APPLICATION FOR PERMIT

To appropriate the public waters of the State of Idaho

1. Name of Applicant Idaho Water Resource Board Phone (208) 327-7900
Mailing address 1301 N. Orchard St., Boise, ID 83706

2. Source of water supply Snake River which is a tributary of Columbia

3. Location of point of diversion is Township 01S Range 36E Sec. 26 in the SW 1/4, NE 1/4, Govt. Lot _____, B.M., Bingham County;
additional points of diversion if any: _____

4. Water will be used for the following purposes:
Amount 475.0 cfs for Recharge purposes from 01/01 to 12/31 (both dates inclusive)
(cfs or acre-feet per annum)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)

5. Total quantity to be appropriated is (a) 475.0 and/or (b) _____
cubic feet per second acre feet per annum

6. Proposed diverting works:
a. Describe type and size of devices used to divert water from the source Headworks of Peoples Canal
b. Height of storage dam _____ feet; active reservoir capacity _____ acre-feet; total reservoir capacity _____ acre-feet
c. Proposed well diameter is _____ inches; proposed depth of well is _____ feet
d. Is ground water with a temperature of greater than 85°F being sought? _____
e. If well is already drilled, when? _____; Drilling firm _____
Well was drilled for (well owner) _____; Drilling Permit No. _____

7. Time required for completion of works and application of water to proposed beneficial use is 5 years (minimum 1 year)

8. Description of proposed uses (if irrigation only, go to item 9):
a. Hydropower; show total feet of head and proposed capacity in KW. _____
b. Stockwatering; list number and kind of livestock. _____
c. Municipal; show name of municipality. _____
d. Domestic; show number of households. _____
e. Other; describe fully. Groundwater Recharge using canal systems

9. Description of place of use:

- a. If water is for irrigation, indicate acreage in each subdivision in the tabulation below.
- b. If water is used for other purposes, place a symbol of the use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols. SEE ATTACHED RECHARGE PLAN

TWP	RGE	SEC	N E				N W				S W				S E				TOTALS	
			NE	NW	SW	SE														

Total number of acres to be irrigated _____

10. Describe any other water rights used for the same purposes as described above. _____

11. a. Who owns the property at the point of diversion? Peoples Canal & Irrigation Co.

b. Who owns the land to be irrigated or place of use? Peoples Canal & Irrigation Co.

c. If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing: There is an agreement signed by the canal and the Board

12. Remarks: _____

13. MAP OF PROPOSED PROJECT REQUIRED - Attach an 8 1/2"x11" map clearly identifying the proposed point of diversion, place of use, section #, township & range. (A photocopy of a USGS 7.5 minute topographic quadrangle map is preferred.)

BE IT KNOWN that the undersigned hereby makes this application for permit to appropriate the public waters of the State of Idaho as herein set forth.

AN AGREEMENT TO CONVEY RECHARGE WATERS
BETWEEN THE IDAHO WATER RESOURCE BOARD
AND
PEOPLES CANAL AND IRRIGATION COMPANY

This Agreement is entered into by and between the Idaho Water Resource Board (hereinafter "IWRB") and the Peoples Canal and Irrigation Company (hereinafter "Company" or "District"). The purpose of this Agreement is to secure permission for the IWRB to convey waters through the water delivery system of the Company or District to the place of recharge.

NOW THEREFORE, IN CONSIDERATION OF THE PROMISES STATED
HEREIN:

1. The Company or District hereby agrees to allow recharge waters to be diverted into its canal system for recharge and conveyance purposes at times when water is available to IWRB for recharge purposes and unused capacity is available in the canal system to carry the recharge waters. The legal description of the point of diversion to the canal system is as follows: T1S R36E Sec 26 SWNE, Bingham County.

2. The Company or District further agrees to allow the recharge waters to be conveyed unimpeded through its canals and ditches to the place of recharge described as follows: _____.

___ [see appended ATTACHMENT for legal description of recharge site]

3. The parties jointly acknowledge and accept as consideration for this Agreement the water supply benefits expected to be derived from the managed recharge of the state's ground water basins. Subject to the availability of funds, IWRB agrees to pay and the Company or District agrees to accept as additional consideration for this Agreement a per acre-foot conveyance fee, as determined by IWRB, to be paid for the water diverted into and conveyed through the Company's or District's canal system for recharge purposes.

4. **IWRB agrees to indemnify and hold harmless the Company or District from all liability and expense on account of claims, suits and costs growing out of or connected with willful or negligent acts, errors, or omissions by its employees or agents, provided, however, that the Company or District shall not be relieved hereby from liability for its own willful or negligent acts, errors, or omissions, and those of their employees or agents.**

5. This Agreement shall remain in effect for one year from the date of execution and shall renew annually unless terminated by either party after 90 days written notice.

Fall 1996

AQUIFER RECHARGE PLAN

EASTERN SNAKE PLAIN AQUIFER

1. NAME AND ADDRESS OF THE PARTICIPATING ORGANIZATION:

NAME Peoples Canal Co.

ADDRESS 209 N 900 W

BLAERFOOT Ida. 83221

CONTACT PERSON Leijon Merrill Peoples Canal President

PHONE 208-684-4951

ADDRESS 209 N 900W BLFTID 83221

2. PROPOSED BEGINNING AND ENDING DATES OF RECHARGE:

ANTICIPATED STARTING DATE: Apr. 20 1996

ANTICIPATED ENDING DATE: NOV 1-1996

3. AMOUNT OF WATER REQUESTED: 2310 AFA Acre-feet.

4. MAP OF RECHARGE AREA

Attach a map of the recharge area paying specific attention to location of features directly related to the recharge effort. This would include such things as measuring devices, seepage pits, injection wells etc. These features should be indicated on the map and then identified and described below.

Measure here

- *A. Main-Broadcrested Weir ^{Firth} → B. Diversion gate into Aberdeen Springs
Can
- C. Through canal 10 miles → D. Headgate (42") * Measure here.
- E. Into Valley - recharge area F. Discharge blocked off at river
- G. _____ H. _____
- I. _____ J. _____
- K. _____ L. _____

5. MEASUREMENT FREQUENCY FOR EACH MEASURING DEVICE IDENTIFIED IN 4.

- | | |
|--|--|
| A. <u>* Main Gate at/daily measurement</u> | |
| C. _____ | D. <u>* Headgate (42") Measured daily.</u> |
| E. <u>Thorn Springs end.</u> | F. _____ |
| G. _____ | H. _____ |
| I. _____ | J. _____ |
| K. _____ | L. _____ |

6. WRITTEN SUMMARY OF PROPOSED RECHARGE PLAN

This summary should include such things as time limited elements of the plan, the measuring devices and procedures that will be used to identify water that is diverted but not recharged.

The water is measured daily at the weir. (Broadcrested)
It travels approx 10 miles to the 42" ^{head} gate, where water
is run into the recharge area approx 15 acres of Peoples
Canal recharges area + also overflow. This is the
point where it is measured at this gate. *300 in/day.

→ Splits into Aberdeen-Springfield Canal.

* Measured at Broadcrested Weir; travels 10 miles
to 42" headgate. Measured at headgate. Then
flows into 15 acre recharge area.

300"/day loss into River.
