## State of Idaho Department of Water Resources

## INSTRUCTIONS FOR APPLYING FOR A CLASS II OPERATOR'S PERMIT

- 1. An Application for a Class II Operator's Permit (Form 238-3A) must be completed and signed by both the applicant and the Principal Driller of the company employing the applicant. The completed and signed application must be submitted to a Department of Water Resources Region Office.
  - a. The Class II Operator applicant is to complete Section A of the application.
  - b. The Principal Driller is to complete Section B of the application.
- 2. Fee: If the applicant does not presently hold a valid Class I Operator's permit, a \$25.00 nonrefundable fee must accompany the application for Class II Operator's Permit. A fee is not required if the applicant is presently permitted as a Class I Operator, but the expiration date of the permit when converted to a Class II Operator's permit will remain as originally issued.
- 3. Documentation is required to demonstrate that the applicant has successfully constructed a sufficient number of wells, has constructed wells for a sufficient length of time, or a combination of both. The Department accepts a minimum of 12 driller's reports bearing the applicant's signature and the signature of the driller having responsible charge, providing the applicant was a licensed Class I Operator at the time the wells were constructed; well tag numbers the Department has on file; or other documentation acceptable to the director.
- 4. The applicant must pass an Exam, administered by the IDWR Region Offices (listed below). Call for information on the next regularly scheduled exam.

Idaho Dept of Water Resources Region Office Location And Contact Information				
Western Region,	<u>Eastern Region,</u>			
2735 Airport Way	900 N. Skyline Drive, Suite A			
Boise ID 83705-5082	Idaho Falls ID 83402-1718
