Subject: SeaPac and Jones Delivey Calls Information Request
Date: Monday, August 29, 2011 8:58:41 PM

Hi Cindy-

I have been retained by SeaPac to provide an independent evaluation of the water supply situation for their delivery call. I would like to request the following information

1. A list of all water users on each spring source and their water right ids, priority dates and quantity limits,
2. A diagram or map showing the water users on each spring source (both current and historic),
3. A summary table showing history of water users on each spring source (ie., who diverted when),
4. Data on historic diversions by all water users on each spring source,
5. Any other information in the WD 130 and IDWR files regarding water users, water rights and diversions on these spring sources.

I appreciate that this is a somewhat broad information request- and you are busy. Also- I understand that some of this is on-line. Perhaps you could tell me what information is in your files and what information is on-line and where and we could narrow it down.

Best Regards-

John
