Attorneys for the Idaho Ground Water Appropriators, Inc.

**BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE STATE OF IDAHO**

**IN THE MATTER OF THE
PETITION DELIVERY CALL OF
RANGEN, INC.'S WATER RIGHT
NOS. 36-02551 & 36-7694**

Docket No. CM-DC-2011-004

**IGWA'S FIRST SET OF
DISCOVERY REQUESTS**

TO: RANGEN, INC.

Idaho Ground Water Appropriators, Inc., ("Ground Water Users" or "IGWA"), by and through counsel, pursuant IDAPA 37.01.01 Rules 521 and 522 of the Rules of Procedure of Idaho Department of Water Resources ("IDWR"), and the authorization to conduct discovery given by the Director of the IDWR at the May 22, 2012, status and scheduling conference, submits the following discovery requests to Rangen, Inc. ("Rangen") and its attorney of record.

INSTRUCTIONS AND DEFINITIONS

- a. When answering these discovery requests, you must include all information known or ascertainable upon reasonable inquiry to you or your agents, attorneys, investigators, employees, representatives, guardians, or any other person or persons acting on your behalf.
- b. If you cannot answer any of the following requests in full, after exercising due diligence to secure the information to do so, so state, and answer to the extent

possible, specifying your inability to answer to the remainder, and stating whatever information or knowledge you have concerning the unanswered portions.

c. The term “document” means any kind of written, typewritten, or printed material whatsoever, including, without limitation, papers, agreements, contracts, notes, memoranda, correspondence, letters, telegrams, statements, books, reports, studies, minutes, records, accounting books, maps, plans, drawings, diagrams, photographs, video tapes, motion pictures, audio tapes, analyses, surveys, studies, transcriptions, and recordings of which you have any knowledge or information, whether in your possession or control or not, relating or pertaining in any way to the subject matters in connection with which it is used, and includes, without limitation, originals, file copies, and all other copies, no matter how or by whom prepared, and all drafts prepared in connection with such writings, whether used or not.

e. If any requested document cannot be produced in full, you are required to produce it to the fullest extent possible, specifying clearly the reasons for your inability to produce the remainder and stating whatever information, knowledge, or belief you have concerning the unproduced portion.

f. If any requested document was at one time in existence but is no longer in existence, please so state, specifying for each document: (1) the type of document; (2) the types of information contained therein; (3) the date upon which it ceased to exist; (4) the circumstances under which it ceased to exist; (5) the identity of all persons having knowledge of the circumstances under which it ceased to exist; and (6) the identity of each person having knowledge of the contents thereof.

g. With respect to any requested document that is withheld due to a claim of privilege, list for each such document: (1) the paragraph to which the document is otherwise responsive; (2) its title and general subject matter; (3) its date; (4) the names and titles of its authors or preparers; (5) the names and titles of the persons for whom it was prepared and all persons to whom it was sent or shown; and (6) the nature of the privilege claimed.

h. These requests are deemed continuing. If after responding to these requests you acquire any additional information responsive thereto, you must file and

serve supplemental responses containing such information, as required by the Idaho Rules of Civil Procedure.

k. The capitalized term “Water Rights” means Idaho water right numbers 36-02551 & 36-7694.

i. The term “Rangen facility” means the aquaculture facility (diversion structures, water conveyance structures, raceways, buildings, etc.) where the Water Rights are put to beneficial use.

j. The term “water quality” means both chemical quality and temperature of water.

l. The term “point of discharge” means the point where Rangen ceases to use or control the Water Rights.

INTERROGATORIES

Interrogatory No. 1: Please state the name, address, phone number, and relation to Rangen of each person answering these interrogatories.

Interrogatory No. 2: Please state the name, address, phone number, and relation to Range of each person who has supplied information for answers to these interrogatories, and specify the interrogatories for which such person has supplied information..

Interrogatory No. 3: Please identify each item that you may attempt to introduce into evidence at the hearing in this matter, and explain the alleged significance of each item. As to each item that consists of more than 15 pages or more than 3,000 words, quote or otherwise specifically designate the portion of such item that you contend is relevant to this matter.

Interrogatory No. 4: State the name and last known address of each person consulted as an expert witness on your behalf concerning this matter; and, with respect to each, state the following:

- a. The scientific, technical or other specialized knowledge possessed by such person.
- b. The knowledge, skill, experience, training and education which qualifies such person as an expert.

- c. All facts and data upon which the expert bases his opinion.
- d. All opinions and inferences to which the expert may testify and the reasons therefor.

Interrogatory No. 5: Name and identify the last known address and phone number of each person you may call as a witness at the hearing in matter action and briefly state the facts to which you expect each such witness to testify.

Interrogatory No. 6: State the name, address, and telephone number of each person with knowledge of facts relating to your claim of material injury, and describe in general fashion the substance of facts to which each person has knowledge.

Interrogatory No. 7: Identify and describe in detail all documents that you or your attorney are aware of that in any way pertain to your claim of material injury.

Interrogatory No. 8: Describe all sources of water used at the Rangen facility and how such water is used.

Interrogatory No. 9: Describe any seasonal and other patterns of water use at the Rangen facility.

Interrogatory No. 10: Has Rangen ever considered, explored, or developed alternative sources of supply of water for use at the Rangen facility? If the answer is yes, please provide a detailed description of what Rangen considered, explored, or developed. If the answer is no, please provide a detailed description of why not.

Interrogatory No. 11: Identify all alternate sources of water that you believe could potentially be used to increase the supply of water available to the Rangen facility.

Interrogatory No. 12: Has Rangen ever considered, explored, or implemented water conservation or re-use practices at the Rangen facility? If the answer is yes, please provide a detailed description of what Rangen considered, explored, or implemented. If the answer is no, please provide a detailed description of why not.

Interrogatory No. 13: Identify and describe all water conservation or re-use practices that you believe could potentially be effectively implemented within the Rangen facility.

Interrogatory No. 14: Identify all alternate points of diversion that you believe could potentially be used to increase the supply of water available to the Rangen facility.

Interrogatory No. 15: Identify the locations of all groundwater wells used to supply water to the Rangen facility, and for each such well explain how its groundwater is used within the Rangen facility.

Interrogatory No. 16: Have you ever investigated using groundwater within the Rangen facility? If so, please explain what investigations have been performed and any conclusions reached from those investigations.

Interrogatory No. 17: Describe in chronological fashion the historical development of the Rangen facility, including (but not limited to) all additions, modifications, expansions, and reconfigurations of the Rangen facility.

Interrogatory No. 18: For each development described in your answer to interrogatory number 17, please describe what effect the development had on the operation of and beneficial use of water within the Rangen facility.

Interrogatory No. 19: Has Rangen or to Rangen's knowledge any other person or entity improved or attempted to improve the spring outlets that supply the Water Rights? If yes, please describe all such improvements or attempted improvements.

Interrogatory No. 20: Identify each person who makes fish stocking and rearing decisions at the Rangen facility, and describe his/her qualifications, by whom he/she is employed, and how many years he/she has worked at the Rangen facility.

Interrogatory No. 21: List the name and address of all fish rearing, hatchery, processing, brooding or other such type of facility owned in whole or in part or operated or managed by Rangen, and for each such facility identify its location, the name(s) of its operator(s), and the water rights that supply the facility.

Interrogatory No. 22: For the Rangen facility, describe (using one or more aerial photos if desired) the locations of all of the following items:

- a. Spring outlets that supply the Water Rights.
- b. Points of diversion of the Water Rights.
- c. Points of discharge of the Water Rights.
- d. Course(s) of water flow of the Water Rights between the point(s) of diversion and point(s) of discharge.
- e. Devices used to measure the quantity or quality of water flow.

f. Where any other water quality sampling and measurements are taken;

Interrogatory No. 23: Identify all agencies to whom water quality or quantity data from the Rangen facility are reported to, and the method and frequency of such reports.

Interrogatory No. 24: Describe all types of measurements and water quality samples that are taken with respect to the Rangen facility for purposes of reporting to the Idaho Department of Environmental Quality.

Interrogatory No. 25: Describe all water treatment processes performed within the Rangen facility; the location, reason, and frequency of such treatments; the process of such treatments; and the chemicals, antibiotics, or other products used in such treatments.

Interrogatory No. 26: Describe how the number of fish produced at the Rangen facility has changed over time.

Interrogatory No. 27: Describe how fish production numbers have changed over time utilizing existing rearing containers at the Rangen facility.

Interrogatory No. 28: Are any fish rearing raceway/ponds at the Rangen facility not being utilized due to water volume, flow, or dissolved oxygen constraints?

Interrogatory No. 29: Describe how fish stocking or restocking decisions are made and in which month(s) fish stocking occurs at the Rangen facility. Please include in the description what density and flow indexes are used at the facility, and any other methods or loading factors used to make such decisions.

Interrogatory No. 30: Explain whether dissolved oxygen and total gas saturation parameters fluctuate during the year and how, where, and how often this data collected.

Interrogatory No. 31: What water turnover rates are used in the fish rearing containers at the Rangen facility?

Interrogatory No. 32: With respect to water right no. 36-02551 describe:

- a. Evidence showing material injury to this water right.
- b. The amount of water available at the source at the time this water right was originally appropriated.
- c. Seasonal fluctuations in the supply of water under this water right at the time it was originally appropriated.

- d. If Rangen receives the relief it is requesting in this case, how much additional water is expected to accrue to this water right under steady-state conditions.
- e. In detail how such additional water will be beneficially used.
- f. How and to what extent Rangen has been damaged as a result of the alleged material injury to this water right.

Interrogatory No. 33: With respect to water right no. 36-7694 describe:

- a. Evidence showing material injury to this water right.
- b. The amount of water available at the source at the time this water right was originally appropriated.
- c. Seasonal fluctuations in the supply of water under this water right at the time it was originally appropriated.
- d. If Rangen receives the relief it is requesting in this case, how much additional water is expected to accrue to this water right under steady-state conditions.
- e. In detail how such additional water will be beneficially used.
- f. How and to what extent Rangen has been damaged as a result of the alleged material injury to this water right.

REQUESTS FOR PRODUCTION

Request for Production No. 1: Please produce all documents which pertain to and/or on which you base your answers to the Plaintiff's Interrogatories.

Request for Production No. 2: Produce all exhibits or documentary evidence that you intend to produce at the hearing in this matter.

Docket No. CM-DC-2011-004

**RANGEN, INC.'S THIRD
SUPPLEMENTAL RESPONSE TO
IGWA'S FIRST SET OF
DISCOVERY REQUESTS**

COMES NOW, Rangen, Inc. ("Petitioner"), by and through its counsel of record, Robyn M. Brody of Brody Law Office, PLLC, and responds to IGWA's First Set of Discovery Requests as follows:

GENERAL OBJECTIONS

1) Petitioner objects to the Requests to the extent that they seek information protected by the attorney-client privilege, the work product doctrine or any other applicable privilege or immunity.

2) Petitioner objects to the Requests as premature, burdensome, and improper to the extent they seek factual information in support of Petitions and Claims that Petitioner has not had opportunity to fully prepare and for which Petitioner may require discovery from Plaintiffs or others. These responses are subject to the discovery or recollection of additional information, knowledge, or facts.

3) These responses are provided pursuant to the Rules of Procedure of Idaho Department of Water Resources (“IDWR”) and the Idaho Rules of Civil Procedure to the extent incorporated by the IDWR. To the extent the Requests attempt to impose any differing or additional instructions, definitions, or obligations, Petitioner objects to the Requests.
