NOTICE IS HEREBY GIVEN THAT:

<sup>2</sup> In accordance with I.A.R. 17(m) this amended notice of appeal is filed in submitted in underline and strikethrough format.

~~2.1. On October 20, 2010, The—the above named Appellant, IDAHO GROUND WATER APPROPRIATORS, INC. (“IGWA” or “Ground Water Users”) for and on behalf of its members, filed a notice of appeal in Case No. 2008-000551, appealing appeals-against the above named respondents to the Idaho Supreme Court from the District Court’s final *Amended Order on Petitions for Rehearing, Order Denying Surface Water Coalition’s Motion for Clarification* (“Final Order”), entered in the above entitled action on September 9, 2010, the Honorable John M. Melanson presiding. Unless modified by the Final Order, The Final Order expressly incorporates the District Court’s Order on Petition for Judicial Review, entered in the above entitled action on July 24, 2009, the Honorable John M. Melanson presiding.~~

2. On November 30, 2010, the District Court entered a *Judgment Nunc Pro Tunc* and an *Order Amending Caption* in this matter. The *Judgment Nunc Pro Tunc* enters a final judgment pursuant to I.R.C.P. 54(b) in Case No. 2008-000551 “upon which execution may issue and appeal may be taken as provided by the Idaho Appellate Rules.” *The Court’s Order Amending Caption found that “IGWA and Pocatello are real parties in interest to this matter, participated in the proceedings on judicial review and rehearing, and have water right interests that could be affected by the outcome of this matter.”*

3. The above named *Appellant, IGWA, hereby files this Amended Notice of Appeal to appeal against the above named respondents to the Idaho Supreme Court from the District Court’s Judgment Nunc Pro Tunc, entered on November 30, 2010, the Honorable John M. Melanson presiding. The Judgment Nunc Pro Tunc incorporates the Court’s Order on Petition for Judicial Review entered July 24, 2009, and the Court’s Amended Order on Petitions for Rehearing entered August 23, 2010.*

~~4.5. The Appellants intends to assert the following preliminary issues on appeal, provided this list of issues shall not prevent the appellant from asserting other issues on appeal:~~

- a. Whether the District Court erred in holding that the Director abused his discretion in determining that Twin Falls Canal Company full supply of water should be based upon 5/8 inch per acre for purpose of calculating any mitigation requirement of ground water users in the under the Conjunctive Management Rules.
- b. Whether the District Court erred in rejecting the Director’s determination that any reasonable carry-over obligation should be provided in the season in which the water can be put to beneficial use, not the season before.
- c. Whether the District Court erred in holding that the Director exceeded his authority by refusing to curtail junior ground water users to provide for more than one year of reasonable carry-over storage.

- d. Whether the Court erred in incorporating the *Memorandum Decision and Order on Petition for Judicial Review* issued by Judge Wildman in Minidoka County Case No. CV 2009-647 on May 4, 2010.
- e. Whether the District Court erred in holding that a senior is entitled to the full recommended, licensed, or decreed water right quantity, unless the junior user establishes by “clear and convincing” that material injury does not exist, or that the quantity needed for beneficial use is less or that the senior user is wasting water contrary to the provisions of the Ground Water Act and Idaho law.
- f. Whether the curtailment orders comply with the requirements of the Ground Water Act.

5-6. No order has been entered sealing any portion of the record.

6-7. The Appellant requests that the transcript of the administrative proceedings held before the Idaho Department of Water Resources be made a part of the record on appeal.
