E. of Nipper Road

Dear Mr. Carlson,

In my conversation with Roger this past week I felt it was important to follow up on it. Apparently the 2 letters filed of formal complaints, which you have in your file, have been ignored. A decision allowing Andrus and Redford to continue use illegally of taking water thru the King Creek Pipe (which is also being subsidized to the association referred to above) seems to have fallen on deaf ears. We do feel you have not done your job in not only protecting individuals rights but are also continuing business as usual.

Sincerely,

Mike Chambers

Attn: Tim Luke

Dear Mr. Luke,

I am enclosing a copy of the letter sent to Mr. Carlson in regards to the continuation of the illegal use of water through King Creeks pipe. Per Roger, after my second phone call and very direct questions, he did state they allowed it under the "drought situation". We are surprised and very disappointed in how business is handled in the department.

Sincerely,

Mike Chambers
