

**63-33344 Conversation Memo**

November 28, 2011

Steve Lester 

---

Attorney Dean Sorensen (344-8035) called this morning to discuss procedural questions for the 11/29/11 prehearing conference for this application. The conference will not include the water availability issue due to the consolidated hearing for that single issue regarding numerous applications in the same general area.

He said he represents protestant Darwin Roy, although Dean has not formally made an appearance yet. Darwin is part of a group protest with someone else designated as the contact for the group.

Dean anticipates attending tomorrow.
