Subject: 22 September 2011 Eric Powel Regarding Thousand Springs Trim-Line

Eric Powel called on 22 September 2011 to ask if the Department had a trim-line for the ESPAM1.1 Thousand Springs reach. I indicated that we did not and directed him to the Jones/Sea Pac Call web page and pointed out the shape file containing the ESPAM1.1 response functions (7_25_2001_ssr123_bal.zip) and the e-mails between Emily LoDolce and me regarding a Thousand Springs trim line.
