

Status of the Final Report for ESPAM2.0

ESHMC Meeting

April 16, 2012

Presented by Stacey Taylor

What's Been Done?

- IWRRI completed their sections of the final report
- Extra text may be added later for additional description to the figures (once the figures are completed)
- Some original figures will be used
- Some map figures have been completed
- Most time series figures have been completed
- Decision has been to use Pre-PEST data for figures (some exceptions – see spreadsheet)

What's Left on the Figures?

(See Spreadsheet)
