Re: Permit No. 19984

Mr. James O. Beck  
Mayfield, Idaho

Dear Mr. Beck:

We now have on file the report of our Field Engineer on examination for beneficial use under your Permit No. 19984.

This report shows that you are irrigating 40 acres of land in the E $\frac{1}{2}$  NE $\frac{1}{4}$  Section 23, Township 1 N., Range 4 E. B.M.

Therefore, upon receipt of the statutory fee of \$4.00 a license will be issued for .8 of a second foot of water from a well in the NE $\frac{1}{4}$  NE $\frac{1}{4}$  of this section.

Very truly yours,

Mr. James O. Beck  
No. 1101 w. Jefferson Street  
Boise, Idaho

Dear Mr. Beck:

We are this morning in receipt of the affidavit of publication in the Mountain Home News, in connection with beneficial use proof under the above numbered permit.

The delay in receiving this affidavit is due to the fact that the envelope was addressed to the Bureau of Reclamation, and although the envelope is postmarked May 29th, it was not transmitted to us until now.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this Department.

We cannot say just when this examination will be made, but Mr. Tolman, Field Engineer, will try to contact you at the time he makes the examination, so that arrangements may be made to show him over the ground.

Dear Mr. Beck:

We are today in receipt of a telegram from the Mountain Home News, advising that the notice of Beneficial Use Proof under your Permit No. 19984 which was mailed from this Department on April 16, reached them too late to appear in last week's paper.

For that reason it is necessary to change the date for making this proof from May 10, to May 17, 1947.

Very truly yours,

Re: Permits Nos. 19983-19984  
R-776, R-777, R-778

Mr. James O. Beck,  
Mayfield, Idaho

Dear Mr. Beck:

In reference to the above numbered permits:

The applications in each case state that the works are completed- and in all except No. 19984 that no additional time will be required for beneficial use proof.

You will note, therefore, that we have allowed three months, or until April 10, 1947, within which to make the proof of completion of works on all of these permits.

We enclose sufficient of Form 6 on which to make this proof on each permit. These should be executed before a Notary Public, and returned to this Department on or before that date, with the statutory fee of \$5.00 with each.

Beneficial use proof on all except No. 19984 must also be made on or before that date- April 10, 1947. This requires publication of a notice in a County newspaper for four consecutive issues prior to the date set for proof- publication to be at your own expense.

In order to save expense, the notice on all four permits can be combined. The regular form of notice is enclosed- but this special notice will have to be typed- since there is not room on the printed form to include all four permit descriptions.

The proof is made by depositions of yourself and two witnesses, made before a Notary Public, named in the notice, which should also state the time and place where the proof will be made.

Both copies of the notice to be returned to this department, together with Form 11, which is your authorization for us to have the notice published at your expense in the designated newspaper. We shall then send a copy of the notice to the paper, with instructions in regard to publishing.
