Allan,

Bryce reminded me that Willem said he would provide us a new on-farm budget code. Have you heard anything on this? If not, could you call him? Also, Bryce and I brainstormed, and we thought Jim Brannon would be a candidate to ask if he could provide an independent review of the code. Does this all sound OK to you? If so, I can call Jim.

Rick

Yes, Willem did say he would make adjustments to allow PEST to touch the NIR factors. I think Jim would be a good one to provide an independent review.

Allan
