

IMPORTANT NOTE: Your water right might have a new number

The previous boundary for Basin 95 was extended north into the old area of Basin 96 to include the Rathdrum Prairie Aquifer.

Many water rights previously recorded or licensed with IDWR in the Spirit Lake, Athol, Bayview, and Blanchard areas have been renumbered from Basin 96 to Basin 95, due to the basin boundary shift. In order to file a notice of claim for a water right that has been renumbered using the Online Claim Filing application, **you will need to use the new Basin 95 number.**

Use the "Find" function in Acrobat Reader to search the document directly.

Old Water Right #	Last Name or Organization	First Name	Renumbered to:
