

**BEFORE THE DEPARTMENT OF WATER RESOURCES  
OF THE STATE OF IDAHO**

**IN THE MATTER OF EXPANSION OF THE)  
BOISE RIVER WATER DISTRICT NO. 63 )      NOTICE OF PUBLIC HEARING  
UPSTREAM OF LUCKY PEAK DAM            )  
\_\_\_\_\_ )**

The Director of the Idaho Department of Water Resources (“Director”) is authorized to divide the state in to water districts for the purpose of distributing water among appropriators under the law of the State of Idaho. Idaho Code 42-604 provides authority for the Director to combine, create, revise the boundaries of, or abolish a water district.

**NOTICE IS HEREBY GIVEN**, pursuant to Section 42-604, Idaho Code that the Idaho Department of Water Resources (“Department” or “IDWR”) will conduct a public hearing regarding the proposed expansion of a water district as follows:

**PUBLIC HEARING FOR PROPOSED EXPANSION OF THE BOISE RIVER WATER DISTRICT NO. 63 UPSTREAM OF LUCKY PEAK DAM**

**3:00 PM August 27, 2013 at the BEST WESTERN VISTA INN  
2645 Airport Way, Boise Idaho (just off the I-84 Vista Exit No. 53)**

The authority to expand water districts applies to those streams, or other water sources including ground water for which the priorities of appropriation have been adjudicated by court decree. During a water rights adjudication, Idaho Section 42-1417 authorizes the district court to approve interim administration of the rights by the Director if reasonably necessary to protect senior rights. The district court may permit the distribution of water pursuant to chapter 6 title 42, Idaho Code in accordance with partial decrees entered by the court or in accordance with water rights recommended by the Director to the court as may be modified by a court order.

On February 22, 2011 the Snake River Basin Adjudication District Court issued an order authorizing the Director to distribute water pursuant to chapter 6, title 42, Idaho Code in accordance with the Director’s Reports and partial decrees that have superseded the Director’s Reports within the Department’s Administrative Basin 63. A copy of the order is posted on the Department’s website.

The Director proposes to expand the Boise River Water District No. 63 boundary to include the basin area upstream of Lucky Peak Dam as shown on the attached map, excluding Smith Creek and tributaries which is already included in Water District No. 63-S. The expansion is necessary to insure proper administration of water uses, and protect existing senior priority water rights from injury. The proposed expansion shall include surface water rights diverted from the Boise River, forks, and tributary creeks upstream of the dam except for in-stream livestock water rights and water rights located within Water District No. 63-S.

Information and testimony presented at the hearing on August 27, 2013 will create a record upon which the Director will rely to determine whether the expansion of the water district is appropriate. It is

important that holders of water rights understand the proposed action and participate in the hearing process. Jeff Peppersack, IDWR Water Allocation Bureau Chief, will serve as the hearing officer. Persons attending the hearing will be provided an opportunity to make an oral presentation regarding the proposed action. Written comments may be submitted to the hearing officer at the hearing or at any time prior to the close of the written comment period on September 10, 2013. Written comments not presented at the hearing should be sent to the Director, Idaho Department of Water Resources, PO Box 83720, Boise, Idaho 83720-0098.

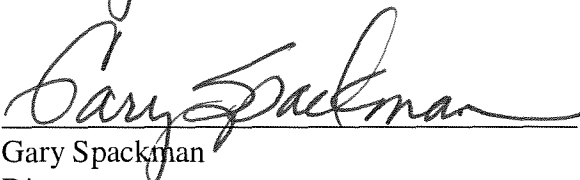

The Department will present information at the hearing regarding the need for the proposed expansion, facilitation time frame, water measurement/reporting, and water district operation. The hearing will be held in accordance with the Department's Rules of Procedure (IDAPA 37.01.01). The rules are available on the following website: <http://adminrules.idaho.gov/rules/current/37/0101.pdf>

The hearing will be conducted in a facility that meets the accessibility requirement of the Americans with Disabilities Act. Should you require special accommodation in order to attend, participate in, or understand the hearing, please contact the Department at least five days prior to the hearing.

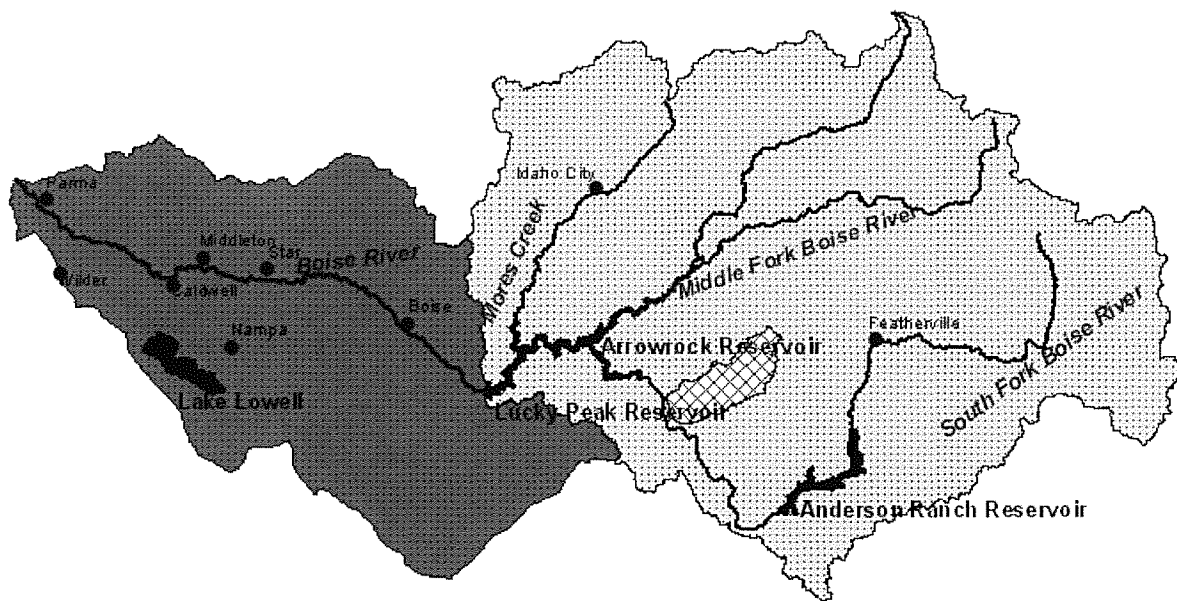

This notice of hearing has been sent to all surface water right holders of record in the river basin upstream of the Lucky Peak Dam with the exception of in-stream stock water right holders and holders of water rights located within Water District 63-S, Smith Creek and tributaries.

If you have questions concerning this notice, please contact the IDWR State Office at (208) 287-4800 or the Western Regional Office in Boise at (208) 334-2190.

Dated this 2<sup>nd</sup> day of August, 2013
