---

Candice,

In response to your request, four documents have been posted to the Department's website at:

<http://www.idwr.idaho.gov/Browse/WaterMngmt/Rangen%20Delivery%20Call/Rangen%20Grant%20Application%20Documents/>

These were the only documents related to the grant applications IWRB and IDWR staff were able to locate. Three of the documents are the applications. The other document contains notes of Brian Patton. Brian tells me that the grant process was administered by the Idaho Department of Commerce so if there was any additional formal communication regarding the applications, it would have been issued by Commerce.

Garrick

**Subject:** Rangen Grant Applications

Garrick,

By this email I am requesting information regarding three grant applications that Rangen submitted to the Idaho Department of Commerce and Labor for dollars from the ESPAM mitigation fund (that I think was overseen by the IWRB?).

The applications are as follows:

Two were dated May 31, 2004 - one was for drilling a horizontal well and one for drilling a groundwater well.

One was dated June 1, 2004 for delivery from the Sandy Pipeline.

I am looking for any additional documents, emails, letters, information that may be in the IDWR or IWRB files regarding these applications.

Thanks in advance for your assistance.
