Robyn M. Brody

THE GEC GROUP

NAME: Craig Clarke, CPA, CFE

EXPERTISE: Accounting, Forensic Accounting, Financial Fraud Investigation, Crop Loss

EDUCATION: Idaho State University
BBA, Accounting
Pocatello, ID
1981

THE GEC GROUP
SELECTED EXPERIENCE:

Crop Loss Consulting

Economic Damages – Contract Dispute: Performed forensic analysis of large mint farming operation to assess the validity of farming practices and the capital expenditures claimed under a multi-year farm lease contract. Analyzed numerous capital expenditures over the life of lease.

Lost Profits – Off-Label Chemical Spray Drift: Reconstructed historical crop revenues, harvested acres and farming practices through an examination of 1.6 million documents and numerous meetings with farmers and crop buyers to determine the lost crop income of over 100 farming operations associated with the drift of herbicide sprayed on adjoining Bureau of Land Management sites. Farming entities ranged from sole-proprietor farms to large-scale corporate operations and included numerous crop types and varieties.

Lost Profits – Lender Liability: Analyzed the productivity and profitability of defendant's farming operation. Calculated lost profits to be associated with allegations of lender liability.

Lost Profits – Insurance Bad Faith: Calculated lost profits to custom farming operation due to insurance claim dispute.

CURRICULUM VITAE

Craig Clarke

Page 2 of 6

THE GEC GROUP

SELECTED EXPERIENCE:

(continued)

Lost Profits – Product Liability: Calculated lost profits to a feed manufacturer due to a tainted ingredient from a supplier.

Lost Profits – Lender Liability: Calculated lost profits to a cattle and farming operation due to the actions of a lender.

Disproving Damages – Herbicide Misapplication: Successful attack on damage report by plaintiff's expert. Helped reduce damage award by over 90 percent.

Disproving Damages – Herbicide Misapplication: Prepared loss analysis for misapplication of herbicides in response to plaintiff's expert report. Successfully proved dramatic decrease in economic damage based upon an analysis of the diminished domestic market for plaintiff's allegedly damaged crop given the marked increase in international processing and importing of the crop.

Forensic Accounting

Causation and Lost Profits – Unfair Competition:

Reconstructed financial statements of automotive jobbers to determine and assess disparate cost and pricing structures and to calculate damages in price discrimination lawsuit filed under the Robinson-Patman Act.

Valuation Services

Personal Injury Lawsuit: Calculated the economic loss to a farmer who was injured in an automobile crash. Determined value of lost earning stream generated by farming operation.

Medical Malpractice Lawsuit: Determined the economic loss to a farmer associated with alleged medical malpractice. Determined imputed economic loss by reconstructing and quantifying financial transactions related to the farming operation.

CURRICULUM VITAE

Craig Clarke

Page 3 of 6

THE GEC GROUP

SELECTED EXPERIENCE:

(continued)

Economic Damages: Quantifying

Personal Injury Lawsuit: Determined the economic loss to teaching assistant injured in an elevator accident for purposes of disproving claimed damages.

Wrongful Termination Lawsuit: Determined the economic loss to a paramedic in a wrongful termination lawsuit.

Personal Injury Lawsuit: Calculated the economic loss to a factory worker who was injured while at work.

EMPLOYMENT:

Diversified Business Consulting, Inc.

President

2004 to present

Provide a broad range of forensic accounting, fraud examination and valuation services to businesses, governments, law firms, and individuals. Services include: crop loss analysis reconstruction of accounting transactions and financial statements, internal control reviews, business economic loss, pre-trial investigations, fraud damage calculations, hidden assets searches, contract fraud analyses.

H.J. Heinz & Company

1983 – 2004

Business Unit Manager/Factory Controller

Operations management responsibility for multiple high speed production lines as well as Factory Controller for factory with a budget greater than \$100,000,000.

Manager of Purchasing Administration – Ore-Ida Foods

Purchasing administration for both Ore-Ida and Weight Watchers. Forecasted and budgeted over \$200,000,000 of ingredient and packaging costs as well as maintained purchasing controls for these areas.

CURRICULUM VITAE

Craig Clarke

Page 5 of 6

EMPLOYMENT:

(continued)

Manager of Logistics Planning and Control – Ore-Ida Foods, Inc.

Forecasted and controlled Ore-Ida and Weight Watchers distribution and storage costs, including all freight to customers and warehouses, shuttle costs and all related distribution costs.

Operations Manager – Weight Watchers Food Company

Coordinated all facets of the operations and manufacturing groups, including: cost improvement projects, capital project control, factory profitability, and liaison between the factories and other departments in the company. Involved in some of the most ambitious cost improvements projects and activities in the history of the company. Managed a project that saved the company \$750,000 annually on a capital investment of only \$26,000.

Financial Accounting

Various financial and accounting positions with Weight Watchers Food Company as well as with Ore-Ida Food including: financial analyst, consolidation accountant and general accountant.

Terteling Marketing, Inc.

Corporate Controller

1981 – 1983

Forecasted budgets and cash flows. Prepared financial statements and tax returns and performed financial analyses for investment projects. Responsible for all financial reporting activities of the company, as well as for other properties it managed. Set up the entire accounting system from purchasing hardware and software to designing financial statement formats.

CURRICULUM VITAE

Craig Clarke

Page 6 of 6

EMPLOYMENT:

(continued)

Touche Ross and Company

Staff Accountant

1980 – 1981

Worked in the audit and tax departments. Conducted audits of and provided consulting services to numerous profit and non-profit organizations including Albertson's Corp., Boise School District, Western Equipment Company and numerous healthcare facilities.

**HONORS AND
AWARDS:**

Dean's List 1978 – 1980

Idaho State University

Recognized for passing CPA exam on first sitting

Touche Ross and Company

CERTIFICATIONS:

Certified Public Accountant – Idaho

Certified Public Accountant – Illinois

Certified Fraud Examiner

THE GEC GROUP

NAME: Gregory Green, PhD

EXPERTISE: Economics and Mathematical Modeling

EDUCATION: Temple University
PhD, Economics
Philadelphia, PA
1997

Idaho State University
BA, Economics
Pocatello, ID
1990

THE GEC GROUP
SELECTED EXPERIENCE:

Wrongful Death / Lost Wages

Wrongful Death: Performed analysis and summarized in report form lost wages, lost fringe benefits, and lost household services, net of expected personal consumption.

Lost Wages: Performed analysis and summarized in report form lost wages, mitigating wages, and lost fringe benefits following injury or wrongful termination.

Life Care Plans

Evaluation of life care plans, which are analyzed and reduced to their present value and summarized in report form.

CURRICULUM VITAE

Gregory Green

Page 2 of 7

**SELECTED
EXPERIENCE:**

(continued)

Antitrust / Anticompetitive / Valuation Analyses

Market Structure and Valuation Analyses - Surgical Center: Performed a market structure analysis of a nonprofit surgical center wanting to convert to a for-profit status. In this analysis a game theoretic model was constructed to predict changes in local hospital pricing strategies and to show the resulting economic impact to consumers. Concluded that the firm's conversion to a for-profit status would enhance local competition and benefit consumers.

Market Structure and Valuation Analyses - Merger of Farm Equipment Part Manufacturers: Determined and modeled the structure of competition within a specific manufacturing industry. Performed a numerical analysis using producer and end-user data to test the theoretical model and to measure the economic impact on other firms and consumers if the merger were consummated.

Royalty Rate Calculation: Estimated a reasonable royalty rate in a patent infringement case. Calculated the present value of economic damages.

Mathematical Modeling / Damage Causation Analysis

Causation and Lost Profits - Price Discrimination Litigation (Robinson-Patman Act): Developed mathematical models to analyze over two million commercial transactions to detect wholesale pricing patterns between different firms being supplied parts by the same wholesaler. Analyzed wholesale price differences between the stores to determine that significant and measurable price discrimination was taking place. Also modeled retail customers and performed a time series analysis of retail customer volumes across the different stores.

CURRICULUM VITAE

Gregory Green

Page 3 of 7

SELECTED EXPERIENCE:

(continued)

Mathematical Modeling / Damage Calculation

Lost Profits - Crop Loss Litigation: Developed mathematical models to analyze the cost structure and financial productivity of a large group of farms in Idaho vis-à-vis a control group of farms to detect abnormal shifts in operating costs and to quantify lost profits due to alleged crop damage.

Mathematical Modeling / Fraud Detection

Fraud Detection - Physician Practices: Developed mathematical models to analyze and to detect abnormal patterns in over 1.5 million insurance claim submissions. Using the mathematical models, each claim submitted can be automatically and consistently processed and scored, and based on the model score, health care providers that misrepresent their services to a patient can be detected and isolated. Furthermore, the mathematical model had the added benefits of (1) reducing the daily volume of claims that must be manually analyzed by an insurance company's staff and (2) speeding up the payout of claims to legitimate customers.

Economic Impact Study

Public Utility Price Increase Exemption Request - Manufacturing Company: Measured the regional economic impact of a local division of a national manufacturing company. Conducted market research and calculated county, county-group and regional employment and income multipliers.

PROFESSIONAL ASSOCIATIONS:

National Association of Forensic Economists

SERVICE ACTIVITIES:

Charman Humanities and Social Science Research Committee.
