Re: Request for information re. Rangen

Dear Robyn:

In response to your request of January 25, 2013, please find the enclosed documents that the Department has been able to locate pertaining to the "pumpback feasibility study," referenced in the Department's internal memorandum from Tim Luke to Doug Jones dated December 1, 1995.

Please contact me should you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "G. Baxter", written over a horizontal line.
