

June 19, 2013

10:00 A.M.

S. Keen

Notes from the status conference for the Scheff delivery call (61-11833 vs. 61-12112).

Phone message from Candice McHugh indicating that she would not be participating due to phone problems in Mexico and that a settlement has been reached (nearly) regardless.

---

Mike Lawrence was the only call-in participant — Parties have been talking, on the way to resolving the matter. Hoped to have it settled and a withdrawal of petition filed by now. Now hoping for the End of the month.

IDWR will call-up the files on July 8, 2013, if a withdrawal notice has not been received, and will contact the parties to determine if another status conference should be scheduled.

Mike Lawrence said that he had been contacted by Candice McHugh prior to the conference about her inability to call in, and he had agreed to present the situation on behalf of both parties.
