Re: Water Right Delivery Call Filed by the Big Wood & Little Wood Water Users Association

Dear Water User,

On March 6, 2017, the Big Wood & Little Wood Water Users Association ("Association") filed a *Petition for Administration* ("Petition") with the Idaho Department of Resources ("Department"). The Petition constitutes a water right delivery call pursuant to the Department's Rules for Conjunctive Management of Surface and Ground Water Resources (IDAPA 37.03.11). The Petition may be viewed at the Department's website at: <https://idwr.idaho.gov/legal-actions/delivery-call-actions/BWLW.html>.

You are receiving this letter because you were involved in the Association's 2015 water right delivery calls that were dismissed. The Association has not alleged that your water right(s) is causing material injury to the rights of its members in the current Petition. Nonetheless, I am sending this letter because I want to ensure that all water users who were involved in the Association's 2015 water right delivery calls are aware of the Petition.

If you have questions regarding this matter, please contact Tim Luke at (208) 287-4800.

Sincerely,

A handwritten signature in blue ink that reads "Gary Spackman". The signature is fluid and cursive, with a long, sweeping underline that extends to the right.
