FOR MITIGATION CREDIT FOR
BLUE LAKES' DELIVERY CALL**

STATE OF COLORADO)
 ss:

The undersigned, Charles M. Brendecke, having been first duly sworn upon oath does hereby depose and state as follows:

1. I am employed by AMEC, 1002 Walnut, Suite 200, Boulder, Colorado 80302. I am a Licensed Professional Engineer in Idaho, Colorado, Wyoming and Texas. I have a Bachelor of Science degree in Civil Engineering from the University of Colorado, and Master of Science and Doctor of Philosophy Degrees in Civil Engineering from Stanford University. My

education and professional experience are set forth in greater detail in the *Affidavit of Charles M. Brendecke* filed with the Department in the Matter of the Surface Water Coalition Delivery Call and is included in my prefiled direct testimony filed both in the Surface Water Coalition and the Blue Lakes and Clear Springs delivery call matters. I have been for the past several years and continue to be the lead engineer and technical consultant to IGWA and its Ground Water District Members.

2. The information shown in the table contained in the Request for Mitigation Credit was prepared by me using modeling results from Department groundwater modeling of IGWA and SWID mitigation plans, post-audits of previous mitigation activities, and recharge information for 2009 presented to the ESHMC. These are estimated gains from activities that are planned or have been undertaken. The reach gains created by these activities will contribute to the water supply of Blue Lakes which will benefit from an increase in reach gain from the Devil's Washbowl to Buhl reach. Further, your Affiant saith not.

Dated: June 16, 2010.
