WATER RESOURCES

### Water Rights

I, Bret McKenzie, and I, Kathy McKenzie, Water Right No (S) 36-82B, oppose and protest the third #3 mitigation plan to mitigate injury water right NOS. 3602551 and 36-07694 held by Rangen Inc. Water District in 36-A

1. We believe that this is a speculative temporary fix and does not address the real problem of over pumping the water by the Junior Water Users.
2. If these policies continue we will no longer receive pristine spring water but more waste water.
3. Our main concern is on pg. 2 paragraph 3 line 6-9, which is vague, saying possibly in the future we will have no recourse to protest if our water rights are diminished.
