Re: Petition to Amend Rule 50 filed by Clear Springs Foods, Inc.

Dear Water Users,

On August 29, 2014, the Department served you with a copy of the *Final Order* issued in response to the Petition to Amend Rule 50 of the Department's Conjunctive Management Rules filed by Clear Springs Foods, Inc. As stated in the *Final Order*, based upon the comments received the Department is proposing that Rule 50 should be repealed. The Department concluded the rule is no longer necessary and that the administrative hearings and deliberations associated with individual delivery calls is the proper venue to address which ground water rights should be subject to administration under a delivery call. This letter is to notify you that a public hearing regarding the proposal to repeal Rule 50 is scheduled and will be held as follows:
