Case No. CV-42-2015-4552  
RE: CEDAR RIDGE DAIRY  
MOTION TO CLARIFY  
*2nd version - final*

COMES NOW the Petitioner, Richard Parrott, moves the court to rule for petitioner in allowing Transfer Number 79357 to be included with Transfer Number 78380 in judicial review.

**FACTUAL BACKGROUND**

IDWR responded to Cedar Ridge exceptions to IDWR Hearing Officer Ceflo's decisions.

1. The Ceflo Decision did not grant 1970 priority date from the leno well near Jackpot.
2. The Hearing Officer Ceflo restricted date of use of water transfer to summer time (for cow cooling)
3. Director Spackman overruled the above points. Due to clerical error, the Order was confusing and conflicting in wording. All parties were confused.

**Response to Motion to clarify Scope of Appeal -1**

4. Protestant Ed Smith and 7 other parties appealed to IDWR Director citing the correctness of Hearing Officer Ceflo's ruling. Cedar Ridge moved for clarification and a second amended order was issued.
5. When second amended order was issued Richard Parrott appealed to IDWR on a Monday, not realizing 14 days for appeal begins to run on date of the written order, not the day it was received via mail.
6. Richard Parrott petitioned for review listing Transfer 79380 in the caption. Knowing fourteen days are allowed for amending, he filed on December 21, 2015, documents A-1, A-2, B-3.
7. These represented a copy of an email to IDWR appealing the final amended Order and included Petitioner Ed Smith's support of Hearing Officer Ceflo's findings. The point was to inform the court that 79357 was a part of Richard Parrott's IDWR appeal.
8. A meeting between Richard Parrott and IDWR Director was arranged for January 4, 2016, but then blocked by Cedar Ridge Council.
9. The Petition for Judicial review was timely both in filing (December 9, 2015) and amending (December 11, 2015).
10. No response from IDWR is considered a NO. Richard Parrott assumed correctly that NO was IDWR decision.
11. Informational<sup>ly</sup>, the only thing lacking in this process is a page with a caption with the numbers 79357.
12. Transfer 79357 and 78380 have been handled together and identically throughout the hearing and final order and final amended order.

**CONCLUSION**

An order from the court to combine Transfer 79357 and 78380 would be welcomed by the Petitioner. So doing would not thwart the actual public process of protecting the State of Idaho's water.

RESPECTFULLY SUBMITTED, February 1, 2016
