IN THE MATTER OF DISTRIBUTION OF WATER TO WATER RIGHTS HELD BY MEMBERS OF THE BIG WOOD & LITTLE WOOD WATER USERS ASSOCIATION DIVERTING FROM THE BIG WOOD AND LITTLE WOOD RIVERS

COME NOW, Respondents, by and through their counsel of record and pursuant to Idaho Rule of Civil Procedure 84(l) and the *Stipulation* filed in the above-captioned matter on September 18, 2015, and request the Court augment the record with the documents listed below and attached to this motion as Attachments A-1 – A-9.

1. Joint Motion for Stay of Delivery Calls, September 17, 2015;
2. Order Granting Late Request to Participate, dated September 21, 2015;
3. Joint Motion to Designate ACGWS Order and Sun Valley Order as Final Orders, September 25, 2015;
4. Response to Joint Motion for Stay; Motion to Compel, September 28, 2015;
5. Affidavit of Dylan B. Lawrence in Support of Response to Joint Motion for Stay and Motion to Compel, September 28, 2015;
6. Order Designating ACGWS Order and Sun Valley Order as Final Orders, October 15, 2015;
7. Order Granting Joint Motion for Stay of Delivery Calls; Granting Motion to Compel, October 15, 2015;

8. Order Denying Joint Motion to Revise Interlocutory Order, October 16, 2015;
9. Order Denying Motion to Revise Interlocutory Order, October 16, 2015.

On June 25, 2015, Sun Valley Company (“SVC”) filed a *Motion to Dismiss Contested Case Proceedings* (“SVC Motion to Dismiss”) in the underlying delivery call matters. On June 26, 2015, the City of Hailey and the City of Bellevue (“Hailey and Bellevue”) filed a *Joint Motion to Designate ACGWS by Rulemaking and to Dismiss Delivery Calls* (“Joint Motion to Dismiss”) in the underlying delivery call matters.

On July 22, 2015, the Director of the Department (“Director”) issued an *Order Denying Sun Valley Company’s Motion to Dismiss* (“Sun Valley Order”) and an *Order Denying Joint Motion to Designate ACGWS by Rulemaking and to Dismiss Delivery Calls* (“ACGWS Order”).

On August 6, 2015, SVC filed a *Motion for Review of Interlocutory Order* requesting the Director revise the Sun Valley Order to grant the SVC Motion to Dismiss (“SVC Motion to Revise”). On August 18, 2015, Hailey and Bellevue filed a *Joint Motion for Review of Interlocutory Order* requesting the Director revise the ACGWS Order to grant the Joint Motion to Dismiss (“Hailey and Bellevue Motion to Revise”). The SVC Motion to Revise and the Hailey and Bellevue Motion to Revise are collectively referred to herein as the “Rule 711 Motions.”

On August 18, 2015, Hailey and Bellevue filed a joint petition for judicial review of the ACGWS Order (reassigned Case No. CV-WA-2015-14419). On August 19, 2015, SVC filed a petition for judicial review of the Sun Valley Order (reassigned Case No. CV-WA-2015-14500). Thereafter, the Respondents, SVC, Hailey and Bellevue, and certain other parties to the two appeals entered discussions regarding the propriety of the petitions for judicial review given the ACGWS Order and Sun Valley Order were interlocutory, not final, orders of the Department.

Following these discussions, a *Stipulation* was filed in the above-captioned matter on September 18, 2015.

In the *Stipulation*, Hailey and Bellevue, Ketchum, Fairfield, and SVC agreed to file a motion requesting the Director designate the ACGWS Order and Sun Valley Order as final orders (“Motion to Designate”). *Stipulation* at 5. The signatories agreed that, “[w]ithin twenty-one (21) days of the filing of the settled records, the parties will take appropriate steps to augment the records before the District Court with the Motion to Designate” and the Director’s “orders designating the [ACGWS Order] and the [Sun Valley Order] as final orders subject to judicial review consistent with the Department’s Rule of Procedure 740.” *Id.* at 5-6. Consistent with the *Stipulation*, the Motion to Designate and the Director’s order designating the ACGWS Order and Sun Valley Order as final orders of the Department are included in this motion to augment the record as Attachments A-3 and A-6.

The signatories to the *Stipulation* also agreed to the following:

In the event the Director takes any action in response to the [Rule 711 Motions] within twenty-one (21) days of the filing of the settled records, the parties agree that Hailey and Bellevue and SVC will take appropriate step [sic] to amend their [petitions for judicial review], if necessary, and the parties will take appropriate steps to augment the records before the District Court with any record or evidence of such action in accordance with Rule 84(1), Idaho Rules of Civil Procedure.

Stipulation at 6. Consistent with the *Stipulation*, the Director’s orders responding to the Rule 711 Motions are included in this motion to augment the record as Attachments A-8 and A-9.

Finally, the signatories to the *Stipulation* agreed that Hailey and Bellevue, Ketchum, Fairfield, SVC, and the Big & Little Wood Water Users Association would “file with the Department a *Joint Motion for Stay of Delivery Calls*.” *Stipulation* at 7. Attachment A-1 is the *Joint Motion for Stay of Delivery Calls*. Attachment A-2 is the *Order Granting Late Request to*

Participate allowing the Water District 37-B Groundwater Group, a party to this appeal, to participate in the Little Wood Delivery Call matter. Attachment A-4 is the *Response to Joint Motion for Stay; Motion to Compel* (“Response”) filed by counsel for the Water District 37-B Groundwater Group, and Attachment A-5 is the affidavit of counsel in support of the Response. Attachment A-7 is the Director’s *Order Granting Joint Motion for Stay of Delivery Calls; Granting Motion to Compel*.

The Respondents request the Court enter an order granting this motion to augment the record. No oral argument is requested. Should the Court grant the motion, the Department will provide the Court and the parties with the above-described documents on one DVD, in OCR format.

JOINT MOTION FOR STAY OF
DELIVERY CALLS

The City of Hailey (“Hailey”), the City of Bellevue (“Bellevue”), Sun Valley Company (“SVC”), the Big & Little Wood Water Users Association (“WUA”), the City of Ketchum (“Ketchum”), and the City of Fairfield (“Fairfield”) (collectively, the “Movants”), by and through their respective attorneys of record, jointly file this *Joint Motion for Stay of Delivery Calls* (“*Joint Motion*”) requesting the Director (“Director”) of the Idaho Department of Water Resources (“Department”) stay all further proceedings in the above-captioned matters (the “Delivery Calls”) for the reasons and upon the terms set forth herein.

RECITALS

1. The WUA, through their attorney, initiated proceedings before the Department seeking administration of junior ground water rights in Water Districts 37 and 37B alleging that diversions of water under such junior ground water rights cause material injury to the surface water rights of the WUA’s members.

2. On August 18, 2015, Hailey and Bellevue filed their *Petition for Judicial Review of Agency Action* (“*Cities’ Petition*”) in Ada County District Court, Case No. CV-OC-1514419, seeking judicial review of the July 22, 2015, *Order Denying Joint Motion to Designate ACGWS by Rulemaking and to Dismiss Delivery Calls* (“*ACGWS Order*”) issued by the Director.

3. On August 19, 2015, SVC filed its *Petition for Judicial Review* (“*SVC Petition*”) in Ada County District Court, Case No. CV-OC-1514500, seeking judicial review of the July 22, 2015, *Order Denying Sun Valley Company’s Motion To Dismiss* (“*Sun Valley Order*”) issued by the Director.

4. The *Cities' Petition* and the *SVC Petition* (together the "*Petitions*") have been reassigned from the Fourth District to the Snake River Basin Adjudication District Court of the Fifth Judicial District. The *Cities' Petition* was renumbered by the Court from CV-OC-1514419 to CV-WA-2015-14419. The *SVC Petition* was renumbered by the Court from CV-OC-1514500 to CV-WA-2015-14500.

5. Concurrent with the execution of this *Joint Motion*, the Movants and the Department entered into a *Stipulation* in which they agreed: (a) that Hailey, Bellevue, Ketchum, Fairfield and SVC would file a motion requesting the Director designate the *ACGWS Order* and *Sun Valley Order* as final orders pursuant to the Department's Rules of Procedure 710 and 750 subject to judicial review under the Idaho Administrative Procedure Act, Idaho Code § 67-5270(3); (b) that the Movants would file this *Joint Motion* requesting that the Director stay all administrative proceedings on the Delivery Calls, including without limitation all discovery and motion practice, until the District Court issues Rule 54 final and appealable judgments on the *Cities' Petition* and the *SVC Petition*; and (c) that the terms and conditions of the stay would be set forth in this *Joint Motion*.

JOINT MOTION

6. The Movants hereby move the Director to:
- a. Order the stay of all administrative proceedings on the Delivery Calls, including without limitation all discovery and motion practice, until the District Court has issued Rule 54 final and appealable judgments on both the *Cities' Petition* and the *SVC Petition* (the "*Stay*"); and
 - b. Order that, following issuance of Rule 54 final and appealable judgments by the District Court on both the *Cities' Petition* and the *SVC Petition*, whichever is later, the Department will promptly notice scheduling of a status conference at which the parties to the

Delivery Calls and the Department will consult concerning the procedural steps required to give effect to the District Court's decisions, including without limitation, dismissal of the contested cases, or establishing a hearing schedule. Any further proceedings shall be consistent with the time frames set forth in the *Stipulation*.

7. The Movants further agree as follows:

a. All rights to further administrative and judicial proceedings are reserved to the parties of such proceedings, and the *Stay* shall not affect such rights, including without limitation the right of any party or the Department to seek reconsideration or appellate review of the District Court's decisions on the *Cities' Petition* and the *SVC Petition*, or any other relief provided by law;

b. Nothing herein precludes any party or person from seeking a stay or any other relief provided by law in any administrative and judicial proceeding; and

c. No party or person agrees to any stay of proceedings except as expressly provided herein.

BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE STATE OF IDAHO

IN THE MATTER OF DISTRIBUTION OF
WATER TO WATER RIGHTS HELD BY
MEMBERS OF THE BIG WOOD & LITTLE
WOOD WATER USERS ASSOCIATION
DIVERTING FROM THE LITTLE WOOD
RIVER

Docket No. CM-DC-2015-002

**ORDER GRANTING LATE REQUEST
TO PARTICIPATE**

BACKGROUND

On February 24, 2015, the Director (“Director”) of the Idaho Department of Water Resources (“Department”) received two conjunctive management water delivery call letters from counsel for members of the Big Wood & Little Wood Water Users Association. The letters allege senior surface water users on the Big Wood and Little Wood Rivers are being injured by water users diverting ground water hydraulically connected to the Big Wood and Little Wood Rivers. The letters request the Director regulate junior ground water users consistent with the prior appropriation doctrine.

The Director initiated new contested case proceedings and assigned each delivery call letter its own docket number. The Big Wood Delivery Call was assigned docket no. CM-DC-2015-001. The Little Wood Delivery Call was assigned docket no. CM-DC-2015-002.

On March 20, 2015, the Department sent letters to ground water users the Department identified as potentially affected by one or both of the above-described delivery calls. The purpose of the letters was to inform the water users of the delivery calls and notify them of a planned status conference.

On May 13, 2015, the Director issued an *Order Governing Participation* (“Order”) stating:

Holders of ground water rights that may be affected by one or both of the above-described delivery calls **that have not filed a notice of intent to participate** but **wish to actively participate in the contested case proceedings** must file with the Department a written notice of intent to participate in CM-DC-2015-001 or CM-DC-2015-002 or both cases, **by May 27, 2015.**

Order at 2 (emphasis in original).

On April 22, 2015, the Department received a letter from the Water District 37-B Groundwater Group notifying the Department “of its intent to participate in the contested case proceedings related to Docket #CM-DC-2015-001 (Big Wood River delivery call).” The letter stated: “Twenty seven groundwater users from Water District 37-B have signed into this association. They also reserved the right to participate individually.” Several of the Water District 37-B Groundwater Group members timely filed notices of intent to participate in both the Big Wood and Little Wood Delivery Calls.

On July 10, 2015, counsel for the Water District 37-B Groundwater Group filed a notice of appearance on behalf of the Group in both the Big Wood and Little Wood Delivery Calls. However, because the Water District 37-B Groundwater Group only timely filed a notice of intent to participate in the Big Wood Delivery Call, members within the Group that also filed a timely notice of intent to participate in the Little Wood Delivery Call still receive filings in the Little Wood proceeding.

On August 31, 2015, counsel for the Water District 37-B Groundwater Group filed a *Motion to Grant Late Request to Participate as Respondent/Petition to Intervene* (“Motion”) requesting the Director allow the Water District 37-B Groundwater Group to participate in the Little Wood Delivery Call. Counsel represents that, individual members of the Group who timely filed notices of intent to participate in the Little Wood Delivery Call and continue to receive filings in that proceeding, intend “such documents to be served on counsel for the Group.” *Motion* at 2.

The Director’s March 20, 2015, letter identified members of the Water District 37-B Groundwater Group as ground water users potentially affected by one or both of the above-described delivery calls. As explained above, the Water District 37-B Groundwater Group timely filed a notice of intent to participate in the Big Wood Delivery Call. The Department received no response in opposition to the Motion to allow the Group to participate in the Little Wood Delivery Call. Granting the Motion will not result in prejudice to other parties. The Director will grant the Motion.

ORDER

Based upon and consistent with the foregoing, IT IS HEREBY ORDERED that the Water District 37-B Groundwater Group’s Motion is GRANTED.

DATED this 21st day of September 2015.

**RESPONSE TO JOINT MOTION
FOR STAY; MOTION TO
COMPEL**

The Water Dist. 37-B Groundwater Group (the “Camas Group”), through undersigned counsel of record, hereby files this combined response to the Joint Motion for Stay of September 17, 2015 (“Joint Motion”) and motion to compel discovery responses, pursuant to the Department’s Rules of Procedure 270.02, 413.01(b), 521, 522, and 565.

ORIGINAL

This response/motion is supported by the affidavit of Dylan Lawrence, filed contemporaneously herewith.

I. RESPONSE TO JOINT MOTION FOR STAY

To be clear, the Camas Group does not oppose the Joint Motion. Instead, the Camas Group believes there is a matter that should be a narrow exception to a stay. Specifically, at the time the Joint Motion was filed, Petitioner was already nine days late in responding to the Camas Group's discovery requests. As of the date of this filing, those responses are 20 days late. Therefore, the Camas Group respectfully requests that issues related to the timing and sufficiency of Petitioner's responses to those requests be excepted from a stay. The background and basis for this request are discussed in greater detail below in the accompanying Motion to Compel.

II. MOTION TO COMPEL

A. Petitioner Has Completely Ignored the Camas Group's Discovery Requests and Its Attempts to Avoid Having to File a Motion to Compel

The Camas Group served discovery requests on the Petitioner on August 4, 2015. (Lawrence Aff., ¶ 2, Ex. A (discovery requests); *see also* Notice of Service of 8/4/15.) Pursuant to IDWR Rule of Procedure 520.02 and Idaho Rules of Civil Procedure 6(e)(1), 33(a)(2), and 34(b)(2), the deadline for responding to those requests was September 8, 2015—9 days before the Joint Motion was even filed. Counsel for the Camas Group sent a letter to Petitioner's counsel on August 17, 2015, emphasizing the need for timely responses and requesting notice from the Petitioner if additional time would be needed. (Lawrence Aff., ¶ 3, Ex. B (8/17/15 letter from D. Lawrence to J. James).)

The September 8 deadline came and went, with no discovery responses or extension requests from Petitioner. (Lawrence Aff., ¶ 4.) Therefore, counsel for the Camas Group sent another letter to counsel for Petitioner on September 15, 2015, requesting responses. (Lawrence Aff., ¶ 5, Ex. C (9/15/15 letter from D. Lawrence to J. James).) Then again, after receiving the Joint Motion, counsel for the Camas Group sent an e-mail to counsel for the Petitioner, which both put Petitioner on notice of the Camas Group's intent to file a motion to compel, but also inviting Petitioner to begin a dialog that would potentially make a motion to compel unnecessary. (Lawrence Aff., ¶ 6, Ex. D (9/18/15 e-mail from D. Lawrence to J. James).)

As of the date of this response/motion, counsel for the Camas Group has not received any responses to the discovery requests or any of the three correspondences. (Lawrence Aff., ¶ 7.)

B. Responses to These Discovery Requests are Necessary for the Camas Group to Defend Its Interests

The hydrological basis for including the Camas Group in this delivery call is unclear. IDWR's August 28, 2015 staff memorandum regarding hydrology, hydrogeology, and hydrologic data (the "Hydrology Memo") does include a useful overview of the existing studies of Camas Prairie hydrology and hydrogeology. However, as the Hydrology Memo itself acknowledges, it is far from conclusive regarding the impact of groundwater withdrawals from the Camas Prairie on the members of the Petitioner. (*See, e.g.,* Hydrology Memo, at p. 19 ("...there are not sufficient data available to calibrate a numerical model to predict the timing of impacts [of junior ground water pumping from the Camas Prairie on the calling senior-priority surface water right holders]".)) And, as has been previously noted, the Camas Prairie aquifer is not included in the current modeling

RESPONSE TO JOINT MOTION FOR STAY; MOTION TO COMPEL – 3 –

effort by USGS and IDWR with respect to the Big Wood River aquifer. *See generally* USGS, GROUNDWATER RESOURCES OF THE WOOD RIVER VALLEY, IDAHO: A GROUNDWATER-FLOW MODEL FOR RESOURCE MANAGEMENT, *available at* <http://tinyurl.com/py3r3br> (last visited July 8, 2015).

What this means, of course, is that the Camas Group must develop the data necessary to defend its interests in these delivery call proceedings. A critical component of that effort is to understand the extent of Petitioner's knowledge on these issues. For example, Petitioner has stated that it is "seeking administration of junior ground water rights in Water Districts 37 *and* 37B [and] alleging that diversions of water under such junior ground water rights cause material injury to the surface water rights of the [Petitioner]'s members."¹ (Joint Motion, ¶ 1 (emphasis added).)

Presumably, Petitioner would not make such allegations without some basis to believe that groundwater withdrawals from the Camas Prairie impact its members. Petitioner initiated this proceeding seven months ago and therefore has had ample time to develop evidence supporting this allegation—even without considering the time it had to investigate these issues before the proceedings began. This is precisely the type of information that is critical to the Camas Group's case and that it is entitled to discover. And, an objective review of the Camas Group's pending discovery requests demonstrates

¹ To be clear, the Camas Group does not necessarily agree with Petitioner's characterization of its own prior demand for administration. While the Petitioner's initial demand letter discussed the Camas Prairie generally, at the end of the letter, the Petitioner specifically "demand[s] that [Director Spackman] direct the Watermaster for *Water District No. 37* to administer Petitioners' surface water rights, and hydrologically connected to ground water rights within *the district* in accordance with the prior appropriation doctrine." (Letter from J. James to G. Spackman of 2/23/15, p. 3 (emphasis added).)

that they are reasonable and narrowly tailored to elicit Petitioner’s information and understandings regarding these issues. (*See* Lawrence Aff., Ex. A (discovery requests).)

C. IDWR’s Rules of Procedure Authorize the Director to Grant This Motion to Compel

The Director has authority “to schedule and *compel discovery*, when discovery is authorized before the agency....” IDWR R. of Proc. 413.01(b) (emphasis added). In addition, “[t]he presiding officer may by order authorize or *compel necessary discovery* authorized by statute or rule.” IDWR R. of Proc. 522 (emphasis added). Here, the Director has authorized discovery, and has denied Petitioner’s request for a protective order. (Order Authorizing Discovery of 5/13/15; Order Denying Mot. for Protective Order of 7/2/15.) The previous section has already established why these discovery responses are “necessary.”

“A party, upon reasonable notice to other parties and all persons affected thereby, may apply for an order *compelling discovery* in a manner consistent with the provisions of Rule 37(a) of the Idaho Rules of Civil Procedure.” IDWR R. of Proc. 521 (emphasis added). Here, the Camas Group has given more than “reasonable notice” to Petitioner on this issue. In addition to the two letters that counsel for the Camas Group sent to Petitioner’s counsel before the Joint Motion was filed, counsel for the Camas Group also sent an e-mail to counsel for Petitioner regarding these issues the day after receiving the Joint Motion. (Lawrence Aff., Exs. B, C, D.) And, the Petitioner is the only party affected by this motion because the Camas Group does not oppose the stay generally—it simply seeks a narrow exception to the stay that would only affect Petitioner.

Idaho Rule of Civil Procedure 37(a) authorizes “the discovering party [to] move for an order compelling an answer” to previously-propounded discovery requests. “The

motion must include a certification that the movant has in good faith conferred or attempted to confer with the party not making the disclosure in an effort to secure the disclosure without court action.” Counsel for the Camas Group has attempted on three separate occasions to raise these issues with Petitioner, and counsel for Petitioner has not responded to any of those communications. (Lawrence Aff., ¶ 7; Exs. B, C, D.)

Therefore, counsel for the Camas Group has certified that he has attempted in good faith to resolve these issues with counsel for Petitioner in an effort to secure responses without the Director’s intervention. (Lawrence Aff., ¶ 8.)

III. CONCLUSION

Based on the foregoing, the Camas Group respectfully requests that the Director compel the Petitioner to respond to the Camas Group’s pending discovery requests. Further, if the Director grants a stay of these proceedings, the Camas Group respectfully requests that the Director specifically exclude the issues raised in this response/motion from the operation of such a stay.

Re: Big Wood & Little Wood Water Users Association Delivery Call

Dear Mr. James:

As you know, on August 4, 2015, I served the enclosed discovery requests on the Big Wood & Little Wood Water Users Association, on behalf of the Water District 37-B Groundwater Group. By now, you have probably observed that these requests are relatively short and narrowly tailored. Due to these factors, the Group and I are expecting timely responses on or before the September 8, 2015 deadline. If your client needs additional time to respond to those requests, please lodge that extension request with me as soon as it is apparent that more time will be necessary. Otherwise, we will assume we will receive timely responses.

If you have any questions or would like to discuss this further, please do not hesitate to contact me. Thank you for your attention to this matter.

Sincerely,

VARIN WARDWELL LLC

Re: Big Wood & Little Wood Water Users Association Delivery Call

Dear Mr. James:

It is now one week past the deadline for your client's response to the discovery requests of the Water Dist. 37-B Groundwater Group, and I have not received the responses or a request for an extension. As I indicated in my follow-up letter of August 17, those discovery requests were limited in scope and narrowly tailored, and timely responses should be achievable. In addition, you will recall that in a letter dated September 1, I requested a copy of your client's responses to the Sun Valley Company discovery requests.

Please let me know at your earliest convenience when you expect to provide these responses. If I do not receive a response by the end of this week, I will assume it will be necessary to file a motion to compel.

Thank you for your attention to this matter.

Sincerely,

VARIN WARDWELL LLC

Joe,

I represent a group of ground water users on the Camas Prairie, who are participating in the Big Wood & Little Wood WUA delivery calls as the Water Dist. 37-B Groundwater Group. We served discovery requests on your client back on August 4, and the deadline for responses was September 8, but I haven't received any responses or extension requests.

I have reviewed the joint motion for stay that you and counsel for some of the other parties filed yesterday. While I don't oppose the stay as a general matter, given that the responses were already significantly late by the time those were filed, I still believe responses before a stay goes into effect would be appropriate. As I am sure you know, the Camas Prairie aquifer is not part of the ground water modeling effort that has been taking place with respect to the Big Wood River aquifer, and so it is particularly important for us to understand what information you are relying on when you assert that junior ground water diversions in Water District 37-B are causing material injury to the BW&LWWUA (as was asserted in the first paragraph of both the motion and the stipulation).

I really do not want to go through the time and expense of filing a motion to compel responses, but am prepared to do so before a stay goes into effect if necessary. Please contact me at your earliest convenience next week if you believe there is some basis on which you believe we can avoid that.

Thank you for your consideration.

Dylan

WOOD WATER USERS ASSOCIATION
DIVERTING FROM THE LITTLE WOOD

Docket No. CM-DC-2015-002

**ORDER DESIGNATING ACGWS
ORDER AND SUN VALLEY ORDER
AS FINAL ORDERS**

BACKGROUND

On February 24, 2015, the Director (“Director”) of the Idaho Department of Water Resources (“Department”) received two conjunctive management water delivery call letters from counsel for members of the Big Wood & Little Wood Water Users Association (“WUA”). The letters allege that senior surface water users on the Big Wood and Little Wood Rivers are being injured by water users diverting ground water hydraulically connected to the Big Wood and Little Wood Rivers. The letters request the Director regulate junior ground water users consistent with the prior appropriation doctrine.

The Director treated the letters as delivery calls pursuant to the Department’s Rules for Conjunctive Management of Surface and Ground Water Resources (“CM Rules”), initiated new contested case proceedings and assigned each delivery call letter its own docket number. The Big Wood Delivery Call was assigned Docket No. CM-DC-2015-001. The Little Wood Delivery Call was assigned Docket No. CM-DC-2015-002.

On March 20, 2015, the Department sent letters to ground water users the Department identified as potentially affected by one or both of the Big Wood and Little Wood Delivery Calls (“Delivery Calls”). The purpose of the letters was to inform the water users of the Delivery Calls and notify them of a planned status conference. The letters invited the water users to file a written notice with the Department if they planned to participate in delivery call proceedings. The Department received over 100 notices of intent to participate.

The Department also published general notice of the Delivery Calls and the status conference in the Idaho Mountain Express and Camas Courier on March 25th, 2015 & April 1st, 2015; and the Times News on March 26th, 2015 & April 2nd, 2015.

On June 25, 2015, Sun Valley Company (“SVC”) filed a *Motion to Dismiss Contested Case Proceedings* (“Sun Valley’s Motion”) arguing, among other things, the WUA failed to file petitions for delivery calls compliant with the requirements of Idaho Code § 42-237b, the Department’s Rules of Procedure, and the CM Rules.

On June 26, 2015, the City of Hailey and City of Bellevue (“Hailey and Bellevue”) filed a *Joint Motion to Designate ACGWS by Rulemaking and to Dismiss Delivery Calls* (“Cities’ Motion”) arguing the Department may not administer ground water rights in Water Districts 37 and 37B in response to the Delivery Calls under CM Rule 40 unless and until the Department, through rulemaking, establishes an area of common ground water supply that encompasses the WUA’s members’ water rights and potentially implicated junior ground water rights.

On July 22, 2015, the Department issued its *Order Denying Sun Valley Company’s Motion to Dismiss* (“Sun Valley Order”) denying Sun Valley’s Motion, and its *Order Denying Joint Motion to Designate ACGWS by Rulemaking and to Dismiss Delivery Calls* (“ACGWS Order”) denying the Cities’ Motion. Neither the Sun Valley Order nor the ACGWS Order contain language or are accompanied by a document containing language indicating they are recommended orders, preliminary orders, or final orders. Thus, under the Department’s Rule of Procedure 710, the Sun Valley Order and ACGWS Order are interlocutory orders. *See* IDAPA 37.01.01.710.

On August 18, 2015, Hailey and Bellevue filed a *Petition for Judicial Review of Agency Action* (“Cities’ Petition”) in Ada County District Court, Case No. CV-OC-1514419, seeking judicial review of the ACGWS Order pursuant to Idaho Code §§ 67-5270 and 67-5271(2) and Rule 84 of the Idaho Rules of Civil Procedure. On August 19, 2015, SVC filed a *Petition for Judicial Review* (“SVC Petition”) in Ada County District Court, Case No. CV-OC-1514500, seeking judicial review of the Sun Valley Order pursuant to Idaho Code §§ 67-5270 and 67-5271(2) and Rule 84 of the Idaho Rules of Civil Procedure. The Cities’ Petition and the SVC Petition were reassigned to the Snake River Basin Adjudication District Court of the Fifth Judicial District. The Cities’ Petition was renumbered to CV-WA-2015-14419. The SVC Petition was renumbered to CV-WA-2015-14500.

On September 17, 2015, Hailey and Bellevue, SVC, the WUA, the City of Ketchum, the City of Fairfield, and the Department entered into a *Stipulation* (“Stipulation”). The signatories agreed Hailey and Bellevue, the City of Ketchum, the City of Fairfield, and SVC (collectively, the “Movants”) would file a motion requesting the Director designate the ACGWS Order and the Sun Valley Order “as final orders pursuant to the Department’s Rules of Procedure 710 and 750.” *Stipulation* at 5.

On September 25, 2015, the Movants filed a *Joint Motion to Designate ACGWS Order and Sun Valley Order as Final Orders* (“Motion to Designate”). The Movants request “the Director designate the Sun Valley Order and the ACGWS Order as final orders and issue separate orders as provided for [in the Stipulation].” *Motion to Designate* at 2.

ANALYSIS

As explained above, neither the Sun Valley Order nor the ACGWS Order contain language or are accompanied by a document containing language indicating they are recommended orders, preliminary orders, or final orders. Thus, under the Department's Rule of Procedure 710, the Sun Valley Order and ACGWS Order are interlocutory orders. *See* IDAPA 37.01.01.710.

Rule 750 of the Department's Rules of Procedure states:

If an order does not designate itself as recommended, preliminary or final at its release, but is designated as recommended, preliminary or final after its release, its effective date for purposes of reconsideration or appeal is the date of the order of designation. If a party believes that an order not designated as a recommended order, preliminary order or final order according to the terms of these rules should be designated as a recommended order, preliminary order or final order, the party may move to designate the order as recommended, preliminary or final, as appropriate.

IDAPA 37.01.01.750.

Consistent with Rule 750, the Movants filed the Motion to Designate. In the Stipulation, the Department agreed that, if no objections were filed to the Motion to Designate, the Director would issue "orders designating the [ACGWS Order] and the [Sun Valley Order] as final orders subject to judicial review consistent with the Department's Rule of Procedure 740." *Stipulation* at 5. The Department received no responsive pleadings to the Motion to Designate. Accordingly, the Director will grant the Motion to Designate.

ORDER

Based upon and consistent with the foregoing, IT IS HEREBY ORDERED that the Motion to Designate is GRANTED. The ACGWS Order and the Sun Valley Order are hereby designated as final orders of the Department subject to judicial review consistent with the Department's Rule of Procedure 740 (IDAPA 37.01.01.740). The effective date of the ACGWS Order and the Sun Valley Order for purposes of reconsideration or appeal is the date of this *Order Designating ACGWS Order and Sun Valley Order as Final Orders*. *See* IDAPA 37.01.01.750.

**ORDER GRANTING JOINT MOTION
FOR STAY OF DELIVERY CALLS;
GRANTING MOTION TO COMPEL**

BACKGROUND

On February 24, 2015, the Director (“Director”) of the Idaho Department of Water Resources (“Department”) received two conjunctive management water delivery call letters from counsel for members of the Big Wood & Little Wood Water Users Association (“WUA”). The letters allege that senior surface water users on the Big Wood and Little Wood Rivers are being injured by water users diverting ground water hydraulically connected to the Big Wood and Little Wood Rivers. The letters request the Director regulate junior ground water users consistent with the prior appropriation doctrine.

The Director treated the letters as delivery calls pursuant to the Department’s Rules for Conjunctive Management of Surface and Ground Water Resources (“CM Rules”), initiated new contested case proceedings and assigned each delivery call letter its own docket number. The Big Wood Delivery Call was assigned Docket No. CM-DC-2015-001. The Little Wood Delivery Call was assigned Docket No. CM-DC-2015-002.

On March 20, 2015, the Department sent letters to ground water users the Department identified as potentially affected by one or both of the Big Wood and Little Wood Delivery Calls (“Delivery Calls”). The purpose of the letters was to inform the water users of the Delivery Calls and notify them of a planned status conference. The letters invited the water users to file a written notice with the Department if they planned to participate in delivery call proceedings. The Department received over 100 notices of intent to participate.

**ORDER GRANTING JOINT MOTION FOR STAY OF DELIVERY CALLS;
GRANTING MOTION TO COMPEL - Page 1**

The Department also published general notice of the Delivery Calls and the status conference in the Idaho Mountain Express and Camas Courier on March 25th, 2015 & April 1st, 2015; and the Times News on March 26th, 2015 & April 2nd, 2015.

On April 29, the Department received *Sun Valley Company's Motion for Order Authorizing Discovery*. On May 13, 2015, the Director issued an *Order Authorizing Discovery; Notice of Pre-Hearing Conference*. On June 2, 2015, the WUA filed *Petitioner's Motion for Scheduling Order and Motion for Protective Order* asking the Director to suspend authorization of discovery by the parties.

On June 25, 2015, Sun Valley Company ("SVC") filed a *Motion to Dismiss Contested Case Proceedings* ("Sun Valley's Motion") arguing, among other things, the WUA failed to file petitions for delivery calls compliant with the requirements of Idaho Code § 42-237b, the Department's Rules of Procedure, and the CM Rules.

On June 26, 2015, the City of Hailey and City of Bellevue ("Hailey and Bellevue") filed a *Joint Motion to Designate ACGWS by Rulemaking and to Dismiss Delivery Calls* ("Cities' Motion") arguing the Department may not administer ground water rights in Water Districts 37 and 37B in response to the Delivery Calls under CM Rule 40 unless and until the Department, through rulemaking, establishes an area of common ground water supply that encompasses the WUA's members' water rights and potentially implicated junior ground water rights.

On July 2, 2015, the Director issued an *Order Denying Motion for Protective Order; Scheduling Order* ("Scheduling Order"), denying Petitioner's motion for protective order and ordering discovery to proceed consistent with requirements set forth in the Department's Rules of Procedure and the Idaho Rules of Civil Procedure. *Scheduling Order* at 3.

On July 22, 2015, the Department issued its *Order Denying Sun Valley Company's Motion to Dismiss* ("Sun Valley Order") denying Sun Valley's Motion, and its *Order Denying Joint Motion to Designate ACGWS by Rulemaking and to Dismiss Delivery Calls* ("ACGWS Order") denying the Cities' Motion.

On August 4, 2015, the Water District 37-B Groundwater Group ("Group") filed a *Notice of Service of Discovery Requests* ("Notice") with the Department. The Notice explained that, on August 4, 2015, the Group served to the WUA the Group's "First Set of Interrogatories and Requests for Production of Documents" ("Discovery Requests"). *Notice* at 1.

On August 18, 2015, Hailey and Bellevue filed a *Petition for Judicial Review of Agency Action* ("Cities' Petition") in Ada County District Court, Case No. CV-OC-1514419, seeking judicial review of the ACGWS Order pursuant to Idaho Code §§ 67-5270 and 67-5271(2) and Rule 84 of the Idaho Rules of Civil Procedure. On August 19, 2015, SVC filed a *Petition for Judicial Review* ("SVC Petition") in Ada County District Court, Case No. CV-OC-1514500, seeking judicial review of the Sun Valley Order pursuant to Idaho Code §§ 67-5270 and 67-5271(2) and Rule 84 of the Idaho Rules of Civil Procedure. The Cities' Petition and the SVC Petition (collectively, the "Petitions") were reassigned to the Snake River Basin Adjudication District Court of the Fifth Judicial District. The Cities' Petition was renumbered to CV-WA-2015-14419. The SVC Petition was renumbered to CV-WA-2015-14500.

On September 17, 2015, Hailey and Bellevue, SVC, the WUA, the City of Ketchum, the City of Fairfield (collectively, the “Movants”), and the Department entered into a *Stipulation* (“Stipulation”) in which they agreed the Movants would file with the Department a *Joint Motion for Stay of Delivery Calls* (“Motion for Stay”). *Stipulation* at 5-7.¹ The Stipulation states that, “[c]onsistent with the Department’s Rule of Procedure 270, any party to the Delivery Calls may file a responsive pleading to the [Motion for Stay] within fourteen (14) days of the filing of the motion.” *Id.* at 7.

On September 17, 2015, the Movants filed the Motion for Stay. The Movants ask the Director to “[o]rder the stay of all administrative proceedings on the Delivery Calls, including without limitation all discovery and motion practice, until the District Court has issued Rule 54 final and appealable judgments on both” Petitions. *Motion for Stay* at 3. The Movants also ask the Director to “[o]rder that, following issuance of Rule 54 final and appealable judgments by the District Court on both [Petitions], whichever is later, the Department will promptly notice scheduling of a status conference. . . .” *Id.* at 3-4.

On September 28, 2015, the Group filed a *Response to Joint Motion for Stay; Motion to Compel* (“Motion to Compel”). The Group supports the Motion for Stay, but “believes there is a matter that should be a narrow exception to a stay.” *Motion to Compel* at 2. “Specifically, at the time the [Motion for Stay] was filed, [the WUA] was already nine days late in responding to the [Group’s] discovery requests.” *Id.* The Group requests the Director grant the Motion for Stay, but “specifically exclude the issues raised in [Motion to Compel] from the operation of such a stay” and “compel the [WUA] to respond to the [Group’s] pending discovery requests.” *Id.* at 6.

ANALYSIS

Motion for Stay

As stated in the Stipulation, the Movants and Department agree that “expedited judicial review of the issues raised by the [Cities’ Motion] and [Sun Valley’s Motion] on the terms set forth [in the Stipulation] is in the interests of administrative and judicial economy.” *Stipulation* at 5. It is significant that the calling party in the Delivery Calls, the WUA, joined the Motion for Stay. The Director will grant the Motion for Stay.

Motion to Compel

As explained above, the Director previously ordered discovery to proceed consistent with requirements set forth in the Department’s Rules of Procedure and the Idaho Rules of Civil Procedure. *Scheduling Order* at 3. The Group’s Discovery Requests were served to the WUA on August, 4, 2015, well before the Movants filed the Motion for Stay with the Department. At the time the Motion for Stay was filed, the WUA had failed to timely respond to the Discovery

¹ The Stipulation was filed in both CV-WA-2015-14419 and CV-WA-2015-14500 on September 17, 2015, but did not include the Motion for Stay as Attachment A as claimed. *See Stipulation* at 7 paragraph 16(a). A *Corrected Stipulation* was filed in both CV-WA-2015-14419 and CV-WA-2015-14500 on September 18, 2015, that included the Motion for Stay as Attachment A.

Requests in accordance with the Idaho Civil Rules of Procedure and the Director's Scheduling Order. The WUA submitted no response to the Motion to Compel. The Director will grant the Motion to Compel.

ORDER

Based upon and consistent with the foregoing, IT IS HEREBY ORDERED that the Motion for Stay is GRANTED. All administrative proceedings on the Big Wood and Little Wood Delivery Calls (Docket Nos. CM-DC-2015-001 and CM-DC-2015-002, respectively) are stayed as to all parties to the Delivery Calls, including without limitation, all discovery and motion practice, until the District Court has issued Rule 54 final and appealable judgments on both the Cities' Petition (CV-WA-2015-14419) and the SVC Petition (CV-WA-2015-14500).

IT IS FURTHER ORDERED that, as an exception to the stay, the Motion to Compel is GRANTED. The WUA must fully respond to the Group's Discovery Requests by October 29, 2015.

IT IS FURTHER ORDERED that, following issuance of Rule 54 final and appealable judgments by the District Court on both the Cities' Petition and the SVC Petition, whichever is later, the Department will promptly notice scheduling of a status conference at which the parties to the Delivery Calls and the Department will consult concerning the procedural steps required to give effect to the District Court's decisions, including without limitation, dismissal of the contested cases, or establishing a hearing schedule. If proceedings resume on the Delivery Calls following issuance of this *Order Granting Joint Motion for Stay of Delivery Calls; Granting Motion to Compel*, parties to the Delivery Calls shall be entitled to a schedule consistent with time frames set forth in the Stipulation.

BACKGROUND

On February 24, 2015, the Director ("Director") of the Idaho Department of Water Resources ("Department") received two conjunctive management water delivery call letters from counsel for members of the Big Wood & Little Wood Water Users Association ("Petitioners"). The letters allege senior surface water users on the Big Wood and Little Wood Rivers are being injured by water users diverting ground water hydraulically connected to the Big Wood and Little Wood Rivers. The letters request the Director regulate junior ground water users consistent with the prior appropriation doctrine.

The Director treated the letters as delivery calls pursuant to the Department's Rules for Conjunctive Management of Surface and Ground Water Resources ("CM Rules"), initiated new contested case proceedings, and assigned each delivery call letter its own docket number. The Big Wood Delivery Call was assigned docket no. CM-DC-2015-001. The Little Wood Delivery Call was assigned docket no. CM-DC-2015-002.

On June 26, 2015, the City of Hailey and the City of Bellevue ("Hailey and Bellevue") filed a *Joint Motion to Designate ACGWS by Rulemaking and to Dismiss Delivery Calls* ("Motion to Dismiss") and *Memorandum in Support of Joint Motion to Designate ACGWS by Rulemaking and to Dismiss Delivery Calls* ("Memorandum"). Hailey and Bellevue argued the Director must "initiate rulemaking in accordance with the Idaho Administrative Procedure Act, I.C. § 67-5201" to designate an area of common ground water supply ("ACGWS") before proceeding with the Big and Little Wood Delivery Calls pursuant to CM Rule 40. *Memorandum* at 1.

On July 22, 2015, the Director issued an *Order Denying Joint Motion to Designate ACGWS by Rulemaking and to Dismiss Delivery Calls* (“Order”). The Director determined “CM Rule 40 does not require the Director establish an ACGWS by rulemaking before the Director can move forward with the Big and Little Wood Delivery Calls.” *Order* at 2. The Director stated: “While the Director has authority to establish an ACGWS by rule (and in fact did for the Eastern Snake Plain Aquifer (“ESPA”)), the CM Rules do not mandate that the Director go through the rulemaking process to establish an ACGWS.” *Id.* The Director concluded “[t]he ACGWS for the Big and Little Wood Delivery Calls is a factual question that can be established based upon information presented at hearing applying the definition set forth in CM Rule 10.01.” *Id.* at 3.

On August 18, 2015, Hailey and Bellevue filed a *Joint Motion for Review of Interlocutory Order* requesting the Director revise the Order to grant the Motion to Dismiss (“Motion to Revise”).¹

ANALYSIS

Hailey and Bellevue argue the Director’s determination that the ACGWS can be determined based upon the definition set forth in CM Rule 10.01 is “contrary to the plain language of the CM Rules.” *Motion to Revise* at 2. Specifically, Hailey and Bellevue cite to statements in CM Rules 1, 20, and 40 and assert these statements mandate the Director must “first define the [ACGWS] by rule under the Idaho Administrative Procedure Act, I.C. § 67-5201 *et. seq*” before proceeding with the Big and Little Wood Delivery Calls. *Id.* at 2-4.

Nothing in CM Rules 1, 20, and 40 mandates the Director establish an ACGWS by rule before proceeding with the Big and Little Wood Delivery Calls. CM Rule 1 states the CM Rules “prescribe procedures for responding to a delivery call made by the holder of a senior-priority surface or ground water right against the holder of a junior-priority ground water right in an area having a common ground water supply.” IDAPA 37.03.11.001. CM Rule 20.01 states the CM Rules “govern the distribution of water from ground water sources and areas having a common ground water supply.” IDAPA 37.03.11.020.01. CM Rule 20.06 states: “These rules provide the basis for the designation of areas of the state that have a common ground water supply. . . .” IDAPA 37.03.11.020.07. CM Rule 40 states the rule governs “responses to call for water delivery made by the holders of senior-priority surface or ground water rights against the holders of junior-priority ground water rights from areas having a common ground water supply in an organized water district.” IDAPA 37.03.11.040. These statements do not require the Director establish an ACGWS by rule prior to moving forward with the Big and Little Wood Delivery Calls. As the Director stated in the Order, “[w]hile the Director has authority to establish an ACGWS by rule (and in fact did for the [ESPA]), the CM Rules do not mandate that the Director go through the rulemaking process to establish an ACGWS.” *Order* at 2. The Director’s determination that the ACGWS can be established using the framework of CM Rule 40 based on information presented at hearing and applying the definition set forth in CM Rule 10.01 is consistent with the CM Rules.

¹ On August 20, 2015, James P. Speck, attorney for multiple respondents in the Big and Little Wood Delivery Calls, filed a *Joinder in and Support of Joint Motion for Review of Interlocutory Order*.

Hailey and Bellevue also argue the “the plain reading” of CM Rule 20.06 requires that, after the Director designates an ACGWS, “the next step is the incorporation of the ground water rights within that defined area into a water district.” *Motion to Revise* at 3.

Hailey and Bellevue’s suggestion that CM Rule 20.06 prescribes a fixed two-step process in delivery calls where water rights are put into water districts only after an area of common ground water is designated is not tenable. Throughout much of Idaho, water districts have been created and water rights incorporated into the districts. CM Rule 20.06 simply explains the CM Rules provide “the procedures that will be followed in incorporating the water rights within [areas of the state that have a common ground water supply] into existing water districts” when such water rights are not already within water districts. Here, current information demonstrates the water rights at issue in the Big and Little Wood Delivery Calls are already in water districts. Specifically, the junior-priority ground water right diversions that impact flow in water sources for the Petitioners’ senior surface water rights are diverted from the Wood River Valley aquifer system and the Camas Prairie aquifer system. *IDWR Staff Memo Re: Hydrology, Hydrogeology, and Hydrologic Data* at 1, 6-14 (Aug. 28, 2015).² The ground water rights in the Wood River Valley aquifer system are in Water District 37. *See Preliminary Order* at 13, *In the Matter of the Proposed Combination of Water District Nos. 37, 37A, 37C, and 37M and the Inclusion of Both Surface Water and Ground Water Rights in the Combined Water District; and in the Matter of Abolishing the Upper Wood Rivers Water Measurement District* (Sept. 17, 2013) (“Preliminary Order”). The ground water rights in the Camas Prairie aquifer system are in Water District 37B. *Id.* The senior surface water rights Petitioners allege are being injured are in Water District 37. *IDWR Staff Memo Re: Surface Water Delivery Systems* at Attachments 1 and 2 (Aug. 31, 2015). Water Districts 37 and 37B are authorized to administer both surface and ground water rights. *Preliminary Order* at 13-14. Therefore, current information establishes the Director will not need to incorporate water rights at issue in the Big and Little Wood Delivery Calls into water districts.

ORDER

Based upon and consistent with the foregoing, IT IS HEREBY ORDERED that Hailey and Bellevue’s Motion to Revise is DENIED.

DATED this 16th day of October 2015.

**ORDER DENYING MOTION TO
REVISE INTERLOCUTORY ORDER**

BACKGROUND

On February 24, 2015, the Director ("Director") of the Idaho Department of Water Resources ("Department") received two conjunctive management water delivery call letters from counsel for members of the Big Wood & Little Wood Water Users Association ("Petitioners"). The letters allege senior surface water users on the Big Wood and Little Wood Rivers are being injured by water users diverting ground water hydraulically connected to the Big Wood and Little Wood Rivers. The letters request the Director regulate junior ground water users consistent with the prior appropriation doctrine.

The Director treated the letters as delivery calls pursuant to the Department's Rules for Conjunctive Management of Surface and Ground Water Resources ("CM Rules"), initiated new contested case proceedings, and assigned each delivery call letter its own docket number. The Big Wood Delivery Call was assigned docket no. CM-DC-2015-001. The Little Wood Delivery Call was assigned docket no. CM-DC-2015-002.

On June 25, 2015, Sun Valley Company ("SVC") filed a *Motion to Dismiss Contested Case Proceedings* ("Motion to Dismiss"). SVC argued, among other things, the Big and Little Wood Delivery Calls should be dismissed because the Petitioners' letters do not include all information required of a petition set forth in CM Rule 30. *Motion to Dismiss* at 6-11.

On July 22, 2015, the Director issued an *Order Denying Sun Valley Company's Motion to Dismiss* ("Order"). The Director determined CM Rule 40 is applicable to the Big and Little Wood Delivery Calls, not CM Rule 30. *Order* at 3. The Director also determined the Petitioners' letters meet the specific pleading requirement set forth in CM Rule 40 in that the calling party alleges "'that by reason of diversion of water by the holders of one (1) or more junior-priority ground water rights (respondents) from an area having a common ground water supply in an organized water district the petitioner is suffering material injury. . . .' IDAPA 37.03.11.040.01." *Id.* at 4.

On August 6, 2015, SVC filed a *Motion for Review of Interlocutory Order* requesting the Director revise the Order to grant the Motion to Dismiss ("Motion to Revise").¹ SVC argues the Director incorrectly concluded "the Department has jurisdiction to conduct these contested case proceedings under CM Rule 40." *Motion to Revise* at 4.

ANALYSIS

In its Motion to Revise, SVC argues: "In these proceedings, no 'area of common ground water supply' has yet been designated. And, because no designation has been made, no action has been taken to 'incorporat(e) such water rights into existing water districts,' as specified in CM Rule 20.06." *Id.* at 8. In other words, SVC argues that CM Rule 20.06 requires the Director first establish an area of common ground water supply and then incorporate the water rights at issue into water districts before proceeding with the Big and Little Wood Delivery Calls pursuant to CM Rule 40.

CM Rule 20.06 does not mandate that the Director designate an area of common ground water supply prior to proceeding with the Big and Little Wood Delivery Calls pursuant to CM Rule 40. CM Rule 20.06 states: "These rules provide the basis for the designation of areas of the state that have a common ground water supply and the procedures that will be followed in incorporating the water rights within such areas into existing water districts. . . ." IDAPA 37.03.11.020.07. This statement simply explains the CM Rules "provide the basis" for the designation of an area of common ground water supply. CM Rule 10.01 defines "Area Having a Common Ground Water Supply" as:

A ground water source within which the diversion and use of ground water or changes in ground water recharge affect the flow of water in a surface water source or within which the diversion and use of water by a holder of a ground water right affects the ground water supply available to the holders of other ground water rights. (Section 42-237a.g., Idaho Code)

IDAPA 37.03.11.010.01. The area of common ground water supply for the Big and Little Wood Delivery Calls is a factual question that can be answered using the framework of CM Rule 40 based upon information presented at hearing and applying the definition set forth in CM Rule 10.01. This is consistent with CM Rule 20.06.

¹ On August 7, 2015, the City of Ketchum and City of Fairfield filed a *Joinder in and Support of Motion for Review of Interlocutory Order*.

In addition, SVC's suggestion that CM Rule 20.06 prescribes a fixed two-step process for delivery calls where water rights are put into water districts only after an area of common ground water is designated is not tenable. Throughout much of Idaho, water districts have been created and water rights incorporated into the districts. Here, current information demonstrates the water rights at issue in the Big and Little Wood Delivery Calls are already in water districts. Specifically, the junior-priority ground water right diversions that impact flow in water sources for the Petitioners' senior surface water rights are diverted from the Wood River Valley aquifer system and the Camas Prairie aquifer system. *IDWR Staff Memo Re: Hydrology, Hydrogeology, and Hydrologic Data* at 1, 6-14 (Aug. 28, 2015).² The ground water rights in the Wood River Valley aquifer system are in Water District 37. See *Preliminary Order* at 13, *In the Matter of the Proposed Combination of Water District Nos. 37, 37A, 37C, and 37M and the Inclusion of Both Surface Water and Ground Water Rights in the Combined Water District; and in the Matter of Abolishing the Upper Wood Rivers Water Measurement District* (Sept. 17, 2013) ("Preliminary Order"). The ground water rights in the Camas Prairie aquifer system are in Water District 37B. *Id.* The senior surface water rights Petitioners allege are being injured are in Water District 37. *IDWR Staff Memo Re: Surface Water Delivery Systems* at Attachments 1 and 2 (Aug. 31, 2015). Water Districts 37 and 37B are authorized to administer both surface and ground water rights. *Preliminary Order* at 13-14. Therefore, current information establishes the Director will not need to incorporate water rights at issue in the Big and Little Wood Delivery Calls into water districts.

SVC continues to argue that CM Rule 30 applies to the Big and Little Wood Delivery Calls. *Motion to Revise* at 6. SVC argues the Department's only "vehicle to make a determination of 'an area of common ground water supply'" and to incorporate ground water rights in that area into organized water districts is to follow "the process set forth in the provisions of CM Rule 30.01 through 30.09." *Id.* at 6, 8-10.

CM Rule 30 lays out the administrative process for when a delivery call is made against junior-priority water rights and the water rights are *not* in a water district. When this occurs, a new water district can be created or an existing water district can be modified to allow for administration of the water rights pursuant to the prior appropriation doctrine. In short, CM Rule 30 outlines a pathway to ensure administration can take place if the water rights subject to a delivery call are not currently in a water district. In contrast, CM Rule 40 outlines a pathway for when a delivery call is made against junior-priority water rights that *are already in* a water district. As explained above, current information demonstrates the water rights at issue in the Big and Little Wood Delivery Calls are already in water districts. Therefore, the applicable rule is not CM Rule 30, but rather CM Rule 40 that governs responses to calls for water delivery "in an organized water district." IDAPA 37.03.11.040. As discussed above, the area of common ground water supply for the Big and Little Wood Delivery Calls is a factual question that can be answered in the framework of CM Rule 40 based upon information presented at hearing and applying the definition of area of common ground water supply set forth in CM Rule 10.01.

² Ground water use in the upper Little Wood River valley above Silver Creek does not appear to affect the calling surface water rights. *IDWR Staff Memo Re: Hydrology, Hydrogeology, and Hydrologic Data* at 14 (Aug. 28, 2015).
