I am writing this email in support of the reappointment of Gordon Sylte as Division 3 Commissioner for the Twin Lakes/Rathdrum Creek Flood Control District #17. There is probably no other person more knowledgeable regarding the potential flooding and seepage of Rathdrum Creek from the dam to the outlet sump than Gordon Sylte. I have worked with Gordon for the past ten years serving as Commissioner of Division two and have always found Gordon to be very professional in his dealings with other Commissioners and District residents. His knowledge and background history of the entire Twin Lakes watershed would be difficult to replace.

A new Commissioner for Division 4 was appointed at the November Board meeting and a new appointment for Division 1 is on the agenda for the December meeting. The District has projects and activities underway that will require background and experience to complete. Mr. Sylte will contribute the continuity necessary to complete these tasks and provide assistance for the orientation of the two new Commissioners. I support the reappointment of Gordon Sylte as Commissioner for Division 4.

Thank You.

Gordon Stephenson  
Commissioner, District 2  
Twin Lakes/Rathdrum  
Creek Flood Control District #17
