Subject: Gordon Sylte

I'm in receipt of your response to my email, thank you. In reviewing your email, it's clear Gordon Sylte was already appointed as the Flood Control Commissioner. I'm disappointed in this appointment and understand I can request the Director to reconsider. To that end I am requesting Director Spackman to do exactly that. As I mentioned before I am a victim of the mismanagement of Twin Lakes flood waters in February, March of 2017. Please see the attached pictures where my neighbors actually kayaked up to my cabin. Other neighbors took pictures as well. The FCD and IDWR Morgan Case we're notified with several pictures. It is important that Mr. Sylte as the leader of the Flood Control District to not be out of the country for extended periods during the fold danger. I would ask that you look into this practice over the past several years.

So to recap I want Director Spackman to reconsider the appointment of Gordon Sylte and consider an alternate candidate. Please acknowledge my request and let me know when Mr. Spackman would be holding a public hearing on this matter.

Sincerely,
Harry/Jean Emerson
North Fish Lake Road
