Subject: Appointment of Gordon Sylte as Flood Control District Commissioner
Date: Sunday, December 23, 2018 1:46:47 PM

Mr. Tim Luke.....some things seem so simple, straightforward and full of common sense. The recent decision to appoint Gordon Sylte as a commissioner for the Flood Control district defies all of that. How can you justify appointing someone to a commissioner's position when there is clearly a conflict of interest? We own numerous properties that are affected by the decisions made by the governing commissioners of the Flood Control District and are not pleased that Gordon Sylte has been reappointed with his history and obvious conflict of interest. Please re-consider your decision.

Respectfully submitted,

Upper Twin Lakes LLC

Ronald E. Cater, Manager
