RE: Accounting for Distribution of Water to the Federal On-Stream Reservoirs in  
Water District 1

Dear Interested Parties:

The Department of Water Resources ("the Department") is serving you with the enclosed document because you are a holder of a water right identifying a point of diversion within Water District 01. Water users in Water District 01 have recently raised some concerns about how current water right accounting processes determine when a storage water right is filled.

The Department has decided to commence a formal proceeding to address the concerns about how the water right accounting determines when a storage water right is filled. If you wish to participate in the formal proceeding, please attend the status conference as noticed in the enclosed document. Your participation is not mandatory but any decision made in the proceeding will be binding upon all water users that received notice of this proceeding.

If you have any questions regarding this matter, you may contact Tony Olenichak, Water District 01, telephone no. (208) 525-7161 or Mat Weaver, Deputy Director, IDWR state office, (208) 287-4914.

Sincerely,

Gary Spackman  
Director

Encl.
