Re: Notice of removal of water right nos. 36-15127B, 36-15193B, 36-15194B, 36-15195B, and 36-15196B from the list of water rights subject to curtailment listed in the Second Amended Curtailment Order dated November 21, 2014 – Rangen Delivery Call

Dear Gentlemen:

This letter is being provided as notice that the above referenced water rights held by the A&B Irrigation District ("A&B") will not be subject to curtailment pursuant to the *Order Granting Rangen's Motion to Determine Morris Exchange Water Credit; Second Amended Curtailment Order* ("Second Amended Order") issued on November 21, 2014.

The above referenced A&B rights are not subject to curtailment because the rights benefit from A&B's mitigation plan approved by the Director of the Idaho Department of Water Resources ("Director" or "Department") (*Final Order Approving Mitigation Plan dated April 28, 2014*).

The Department has removed the A&B water rights from its mailing lists associated with the Second Amended Order. If you should receive any further correspondence from the Department regarding this curtailment, please disregard it and contact me directly at 208-287-4959 or tim.luke@idwr.idaho.gov to notify me of the improper service.

Please contact me if you have any further questions concerning this matter.

Sincerely,

A handwritten signature in black ink that reads "Tim Luke".
