

MANAGED ESPA RECHARGE UPDATE

Presented to Idaho Water Supply Committee
April 2011

Photo: Recharge at LSRARD recharge site, Lincoln County, April 2009

Idaho Water Board's ESPA Managed Recharge Program for Calendar Year 2011

- Shaping up much like 2009
- Abundant water & eight tentative participants
- Recharge will be significantly limited due to restricted funding
- Current recharge operations
- Board currently investigating possibility of funding partners
