NOTICE OF CLAIM
Federal Reserved Water Right

WR # 96-17110

Introduction

The Kalispel Tribe of Indians (“Kalispel Tribe”) submits this federal reserved water right claim as a claimant in the Clark Fork – Pend Oreille River Basin Adjudication. The Kalispel Tribe hereby adopts the United States claims for the same date of priority, sources, points of diversion, places of use, purposes of use, periods of use, basis of claims, and other provisions stated in the United States’ claims submitted in this adjudication as trustee on behalf of the Kalispel Tribe. In addition, the Kalispel Tribe hereby claims additional quantities of surface water, as described in section 8, *infra*, as a separate and independent claim for the month of August. The Tribe adopts the United States’ claims as its own claims and files these separate and additional claims as a claimant in the CFPRBA and without prejudice to its ability to amend any of its claims or to file additional claims in the future.

In addition, the Tribe provides a limited waiver of sovereign immunity for the *sole* purpose of judicial resolution of the United States’ claims and the Tribe’s separate claims in the

CFPRBA. The Tribe does not waive its sovereign immunity beyond this limited purpose or for any other purpose including but not limited to the imposition of any fees or judgment for costs or award of attorney fees. The Tribe's limited waiver of sovereign immunity does not extend to any other claim in the CFPRBA, or any other pending or future case and the Tribe reserves all rights of sovereign immunity not expressly waived herein to the full extent of the law.

8. **Quantity Reserved (In cfs):**

July	August	September	October	November	December
13200	15600	9110	7040	7230	6940

9. **Basis of Claim:**

The legal basis for this water right claim stems from the doctrine of federal reserved water rights articulated by the United States Supreme Court in *Winters v. United States*, 207 U.S. 564 (1908) and its progeny, as well as the operative documents and circumstances surrounding the creation of the Kalispel Reservation, including but not limited to, the Executive Order signed by President Wilson on March 23, 1914, C. Kappler, Indian Affairs: Laws and Treaties 1051 (Vol. 4, 1927).

10. **Other Provisions:**

- a. The United States has asserted other claims in the Clark Fork – Pend Oreille River Basin Adjudication. Paragraphs 10(a) – (d) express assertions applicable to all claims filed by the Bureau of Indian Affairs in its capacity as trustee for the Kalispel Tribe in the Clark Fork – Pend Oreille River Adjudication. This is one of three separate and independent claims that the Kalispel Tribe is filing. The United States claims waters from surface water sources within the Clark Fork-Pend Oreille River Basin Adjudication in the State of Idaho to fulfill the permanent homeland purpose of the Kalispel Indian Reservation, including the present and future fishing purpose.
- a. Prior to the creation of the Reservation in 1914, the Kalispel Tribe held aboriginal title to certain lands “within the United States in what are now the States of Washington, Idaho and Montana.” *The Lower Pend D’Oreille or Kalispel Tribe of Indians v. United States of America*, Docket No. 94, 12 Ind. Cl. Comm. 141 (1963). The Kalispel Reservation is located on the mainstem Pend Oreille River because fishing is central to the Tribe’s history, culture and use of resources. The Tribe never agreed to cede right, title or interest outside the Reservation. *Cf., In re CSRBA Case No. 49576 Subcase No. 91-7755*, 165 Idaho 517, 548–49, 448 P.3d 322 (2019).
- b. This water right claim is for a traditional use of water that predates the creation of the Kalispel Reservation. This right was not created but was instead confirmed by the executive order outlined in section 9, *supra*. *United States v. Adair*, 723 F.2d 1394, 1414 (9th Cir. 1984). Therefore, pursuant to federal law, the priority date of this water right is time immemorial. *Id.*

- c. In order to comply with Idaho Code § 42-1409(1), the Kalispel Tribe has designated “places of use,” “points of diversion,” and “purposes of use” in submitting this water rights claim. This proposed water right claim form has been developed in conjunction with, and at the request of, the Idaho Department of Water Resources (“IDWR”). The use of this format as required by Idaho Code, and as requested by IDWR, should not be construed to limit the Kalispel Tribe or the United States’ future use of water at other points of diversion, places of use or for other purposes within the boundaries of the Reservation. The statute’s terminology has been employed to demonstrate that the amount claimed is necessary, justifiable, and available to achieve the purpose of the Reservation as a homeland for the Kalispel Tribe.

b. Signatures:

- (a) By signing below, I acknowledge that I have received, read, and understand the form entitled “How you will receive notices in the Clark Fork-Pend Oreille River Basin Adjudication.”
