Why am I getting this mailing?

You are receiving this mailing because you filed one or more claims in the CFPRBA which may be affected by the federal reserved claims which have now been submitted to the IWA Court. The Idaho Department of Water Resources (“IDWR”) does not investigate or make recommendations for water right claims based upon federal law. This is your opportunity to review the federal reserved claims for any possible impact to your water right claims. The Director’s Report containing the Federal Reserved Claims, is available at the IWA courthouse in Twin Falls, and at the locations listed at the end of this notice. Copies of the complete report can be made, but you may be charged for copying and mailing. The complete report can also be downloaded from the CFPRBA website at srba.idaho.gov/FRBA1.HTM or at IDWR’s CFPRBA page at <https://idwr.idaho.gov/water-rights/adjudication/nia/cfprba/>. Maps of the reporting area, as well as other information pertaining to the CFPRBA can be accessed on IDWR’s CFPRBA page.

INSTRUCTIONS FOR TAKING A CLAIM TO COURT

What do I do if I disagree with any federal reserved water right claim?

If you disagree with any element of a claim to a federal reserved water right in the CFPRBA and want to be heard in court, file an objection with the IWA Court. Objections must be made on the standard objection form (“Standard Form 1”) available from any IDWR office or from the IWA Court. You may also download a copy of the objection form from the CFPRBA website at www.cfprba.idaho.gov.

Your objection to any federal reserved water right reported in the CFPRBA must be received by the IWA Court on or before **Thursday, June 25, 2026**. A copy of the objection must be mailed to the claimant of the water right and the Director of IDWR.

What may happen if I file an objection to a federal reserved water right claim?

If an objection to a federal reserved water right claim is filed, the claimant may, but is not required to, file a response to the objection with the IWA Court. The response must be made on the standard response form (“Standard Form 2”) available from any IDWR office or from the IWA Court. The response form may also be downloaded from the CFPRBA website at www.cfprba.idaho.gov. The response must be received by the IWA Court on or before **Monday, August 24, 2026**. A copy of the response must be mailed to the objector to the water right, the claimant of the water right (if different from the objector), and the Director of IDWR.

Can I participate in proceedings on an objection filed by someone else to a federal reserved claim?

If you wish to participate in proceedings on an objection filed by someone else to a federal reserved claim, then you may file a response to that objection. As noted above, responses must be made on the standard response form (“Standard Form 2”) available from any IDWR office or from the IWA Court. The response form may also be downloaded from the CFPRBA website at www.cfprba.idaho.gov. The response must be received by the IWA Court on or before **Monday, August 24, 2026**. A copy of the response must be mailed to the objector to the water right, the claimant of the water right (if different from the objector), and the Director of IDWR.

What do I do if I want to participate in the court case on a claim to a federal reserved right?

If you want to be involved in the court case on a claim to a federal reserved right, you must file either an objection or a response by the dates provided in this notice.

What happens if there are no objections to a federal reserved water right claim?

If no objections are filed, an evidentiary hearing on the uncontested federal reserved water rights in the CFPRBA will be held. A partial decree will be issued following this hearing.

How will I know about the proceedings on a claim to the federal reserved water right to which objections were filed?

A notice will be mailed to you for court dates on the federal reserved claim if you filed an objection or a response. You will not receive notice of court dates on any other claims to federal reserved rights for which you did not file an objection or response. Additional information regarding federal reserved water right claims can be found on the CFPRBA website at www.cfprba.idaho.gov.

Note: The IWA Court publishes a monthly Docket Sheet listing all objections and responses filed. It does not list court dates for individual water right cases but provides general information helpful to all participants in the CFPRBA.

The Docket Sheet is available at your county courthouse and all IDWR offices, or you may subscribe by contacting the IWA Court or IDWR. The annual subscription fee is \$7.50. The Docket Sheet is also available on the CFPRBA website at www.cfprba.idaho.gov.

The register of actions for each federal reserved claim, or any other claim, can be found on the CFPRBA website at www.cfprba.idaho.gov. The register of actions includes links for viewing and/or downloading the documents identified in the register of actions.
