The image contains a hierarchical organizational chart for the Idaho Department of Water Resources, detailing the roles and relationships between various departments and their leaders. The chart is divided into sections such as Water Compliance, Hydrology, Human Resources, and Water Allocation Bureaus, among others, with specific names and titles listed under each section. The chart also includes a list of names and roles for the Idaho Water Resource Board and Planning and Projects Bureau. The chart provides a visual representation of the structure and hierarchy within the department.
