- Move all annual reporting requirement references to a new section in the plan and adjust reporting dates to February 15th of the next year.
- Modify the CIEF contribution by the Water District 37B Ground Water Association (Section V.1.C.2) by increasing the annual \$10,000.00 contribution to an annual \$20,000.00 contribution. Of the \$20,000.00 contribution, \$10,000.00 will be designated specifically for cloud seeding operations.

Section VII (page 12) of the current BWRGWMA plan states, "The Management Plan may be extended beyond December 31, 2024, by written consent of all the Parties and with approval by IDWR." Approval of a three-year extension of the BWRGWMA Management Plan, with the recommended adjustments, would allow the Advisory Committee to further explore options for a better long-term (10 to 15 year) management plan and provide continuity from December 31, 2024. The Advisory Committee respectively recommends an extension of the current plan, subject to the items outlined in this letter. Thank you for the opportunity to participate in these important deliberations.

Sincerely,

Corey Allen, Sun Valley Company

Cooper Brossy, Big & Little Wood Water Users Association (BWLWWUA)
