Big Wood River Ground Water Management Area Advisory Committee
Idaho Department of Water Resources. Southern Region Office
July 30, 2024

IDWR Southern Region Manager Corey Skinner called the meeting to order at 3:01 PM by taking Advisory Committee roll call, introducing IDWR personnel, the Idaho Water Resource Board member, and the Idaho State Legislator in attendance. The meeting was presented by videoconference for the Advisory Committee, with Advisory Committee member Cooper Brossy attending in person. A list of attendees is included at the conclusion of these notes.

The main item on the agenda was Kendra Kaiser's presentation of her Water Supply Forecasting Model, titled "Open-Access Streamflow Modeling in the Big Wood River Basin". She gave a brief history of the model, compared her model to other models, and indicated the direction she hopes to take the model in the future. Ms. Kaiser took time for a question and answer period at the conclusion of her presentation. The presentation has been placed on the BWRGWMA Advisory Committee home page on the IDWR website.

The final agenda item was to confirm that the next meeting of the Advisory Committee will be August 21, 2024, from 10:00 AM – 2:00 PM at the Lincoln County Community Center in Shoshone.

Corey Skinner adjourned the meeting at 4:02 PM.
