Department of Water Resources  
322 Front Street  
Suite 648  
Boise, Idaho 83702

Dear Tim and Shelley,

Thank you for all the work and preparation you put into Wednesday evening's presentation of the Big Wood River Ground Water Management Area Plan. I think the concepts and process were clear to all who attended.

In response to your request that public comments be submitted in writing to the Department, this letter will serve to send my request that the comments made by Advisory Committee members be preserved as part of the record.

Thank you,

Sharon Lee
