

Eastern Snake Plain Aquifer (ESPA) Comprehensive Aquifer Management Plan

Advisory Committee

Proposed Meeting Agenda

July 26, 2007

Red Lion at the Falls (475 River Pkwy, Idaho Falls 83402)

10:00 a.m. to 5:00 p.m.

1. Welcome, Introductions, Agenda Review and Meeting Note Finalization
2. Discussion: Proposed Caucus Meetings to coordinate interest group representation and explore issues and challenges
Goal: Committee understanding of the purpose of caucus meetings, and agreement on when/whether to hold caucuses in advance of the next Advisory Committee meeting.
3. Discussion: Revisit Work Plan
Goal: Discuss whether existing “linear” work plan meets Committee needs.
4. Discussion: Proposed sub-committee to develop recommendation on process for setting quantitative goal
Goal: Committee agreement on establishment, purpose and charge of sub-committee.
5. Lunch (provided for Committee members only)
6. Discussion: Review of aquifer Management Alternatives listed in Framework; brainstorming of additional ones which should be considered by Committee
Goal: Listing of Management Alternatives Committee wishes to consider.
7. Discussion: Brainstorming of criteria and questions to use when evaluating Management Alternatives
Goal: Draft list of criteria for evaluating Management Alternatives.
8. Discussion: Review listed Management Alternatives; determine which ones the Committee wants to know more about; suggest speakers for presentations about these alternatives at future meetings.
Goal: Dates when Committee will hear presentations about various Management Alternatives and list of speakers.
9. Public Comment
