¹ The public comment period has been purposely placed after the discussion on CAMP process and Advisory Committee ground rules. There are two public comment periods per the request of the Advisory Committee members.

12:45 Draft prioritization of options

Review of the Issues and Options in the Facilitator's assessment (the following are numbered as they are numbered in the Collaborative Processes Assessment Report)

1. Surface-Ground and quality-quantity interactions
2. Water supply and availability
5. Water Quality

2:15 Break

2:30 Continued discussion of options

3:30 To accomplish our task, what do we need to know and how do we learn it?

What are our data needs? What data are missing? What other work has been done?

What do we need to know? Who will provide that information?

3:45 Review of the work plan

Do we see a general sequence for our work?

How shall we use our time at meeting #3?

What are the issues we should address?

What is needed to prepare for Meeting #3?

4:00 Second public comment period

This second session is for follow up comments or persons who wish to make time limited presentations

4:15 Miscellaneous issues or final questions

Future meeting dates and times

Other issues

4:30 Adjourn
